Red Army Takes Seven Carpathian Mountain Passes

Ukrainian Army Group Drives Clear Across Czecho-Slovakia—Prussia Battle Continues

LONDON, Oct. 18 (AP).—The Red Army has crossed the Carpathian Mountains from Southern Poland on a 170-mile front and has driven 31 miles clear across the eastern tip of Czecho-Slovakia into Transylvania, Premier Stalin announced tonight.

Moscow remained silent concerning the reported Soviet offensive against East Prussia, which German broadcasts said was lashing against the province's eastern borders along a 30-mile stretch, and had reached the frontier around the German town of Schirwindt. The Nazis portrayed it as the biggest of all the battles on the Eastern Front.

In a triumphant order of the day, Stalin said Gen. Ivan D. Petrov's Ukrainian army group had captured the seven Carpathian mountain passes of Tatar, Jablonica, Lupkow, Ruska, Uzok, Vereczke and Wyskow, advanced on Czecho-Slovak territory 12½ to 21 miles, and seized the North Transylvanian town of Sziget.

This tremendous thrust put Petrov's army into or within a mile or two of complete junction with Marshal Rodion Y. Malinvosky's combined Russian and Romanian forces which had driven through Transylvania to the Czecho-Slovak southern border.

Petrov's advance cut off entirely the eastern corner of the Carpatho-Ukraine, the name applied to that portion of Eastern Czecho-Slovakia that the Germans apportioned to Hungary when they dismembered the unhappy republic five and a half years ago.

The Germans, silent about this Soviet victory amid the Carpathian crags and forests, continued to broadcast doleful accounts of the Russian offensive against the eastern border of East Prussia, which they said had been strongly reinforced by Red Army tanks and infantry in its third fiery day.

First prize objective of the drive evidently was Insterburg, 37 miles inside East Prussia, guarded by

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1944, by Southam Co.)

LONDON, Oct. 18.—Allied armies continue to improve their positions on the Western Front, notably in the Scheldt bridgehead and on the western slopes of the high Vosges, though heavy rain for the past 24 hours has had its effect on local actions, to which operations along the whole front still are confined, says The Times' correspondent in France.

The Germans in and around Aachen still are endeavoring strenuously to break the American stranglehold on the doomed city.

Complete collection of maps, which the German army had prepared for the invasion of Britain, have been discovered near Brussels, says The Times' correspondent there. The maps contain street plans and photographs of all towns and villages and aerial photos of coast defences. Most striking thing about all these documents is that the first of them were not ready until mid-August, 1940, after the most favorable moment for the invasion was past.

An impression of the helplessness, confusion and misunderstanding in the German High Command in the early days of the Normandy invasion is given by the record of telephone conversations of senior German commanders and staff officers between "D" Day and July 31, now divulged by The Times' military correspondent. First were a series of calls from corps commanders, urgently demanding reinforcements. Rundstedt sent a message to all units that the Fuehrer desired annihilation of the enemy by evening, to which the Seventh Army replied simply: "This will not be possible."

Replying to an order from Rommel to attack immediately, Gen. Dollman said without air support he was helpless. He had repeatedly asked for it and received nothing.

On July 31 Von Kluege telephoned the Fuehrer's headquarters saying that it was a matter of life or death. He spoke of the crushing Allied air superiority, of enormous losses suffered, and decline in the spirit of the troops, blaming S.S. General Hausser for the state of affairs.

Japs Lose Heavily in Pacific Area

Toll Reaches 915 Planes in Six Days

PEARL HARBOR, Oct. 18 (AP).—A new raid in the smashing series of American carrier aircraft strikes at the Philippines, occupation of another atoll flanking the important Japanese base of Yap and additional destruction to enemy shipping at Formosa were reported today by Admiral Nimitz.

Planes of the United States Third Fleet hit the Northern Luzon area Tuesday (North American time). They destroyed 19 Japanese planes and sank or fired seven enemy ships.

This latest of the series of aerial invasion strikes at the archipelago, now in the second week, smacked the enemy as the Tokio radio clung to its unconfirmed propaganda line of a great victory in the Western Pacific, and of a withdrawing United States fleet.

Ngulu atoll in the Western Carolines, but 80 miles south of Yap and 210 miles east of Palau, was occupied by American ground forces last Monday. There was only slight resistance, Nimitz reported. Seizure of Ngulu, a tiny group of atolls, completes the outflanking of Yap.

A recheck of the October 11 carrier plane strike at Formosa, north of the Philippines and within 100 miles to the China coast, gave this additional damage to Japanese shipping: Five cargo vessels and 34 small craft sunk; 13 vessels, including a minelayer, probably sunk; 18 ships and 34 small craft damaged.

Sixteen enemy vessels previously had been reported sunk and 19 damaged in that action, the first of several carrier plane raids on Formosa.

Admiral Nimitz also reported the loss of 21 more United States planes, 31 pilots and 31 crew members in the October 11 raid. That brought American plane losses to 43.

915 JAPANESE PLANES DESTROYED

Reassessing Japanese plane losses, on the basis of still incomplete reports, for the period of October 9-15, Admiral Nimitz reported the destruction of 350 aircraft on the ground and 565 in aerial combat in the Ryukyu - Formosa - Luzon area.

The King and Queen Pay Visit to Dover

DOVER, England, Oct. 18 (CP-Reuter's).—"Hell-Fire Corner" had its first visit from the King and Queen today when townsfolk of "liberated" Dover and Folkestone gave Their Majesties a great welcome in the shell and bomb-scarred streets.

The King and Queen at the start of their tour met 36 leaders of the civilian armies, which held on undaunted while the Germans were lobbing their shells across the Channel. Later the King, in naval uniform, and the Queen, in powder blue, inspected an all-woman guard of honor of Wrens, W.A.A.F.'s, A.T.S. and National Fire Service girls.

Their Majesties walked two miles through long, electrically-lit, whitewashed tunnels with their three-tiered bunks, which for so long were the only home the Dover people knew.

Vice-Admiral on Island Inspection

Vice-Admiral G. C. Jones, C.B., R.C.N., Chief of Naval Staff, Ottawa (left) is shown taking the salute at H.M.C. Dockyard, Esquimalt, when he arrived aboard a frigate on Tuesday to inspect Vancouver Island naval establishments. Centre is Rear Admiral V. G. Brodeur, C.B.E., R.C.N., commanding officer Pacific Coast. At the right is Capt. P. B. German, R.C.N., naval officer in charge of Esquimalt.

Hitler Calls on Men and Boys to Defend Germany

LONDON, Oct. 18 (CP).—In reply to Hitler's latest call for guerrilla warfare in Germany the B.B.C. tonight appealed to the German people to turn their arms against their "real enemies," the Nazis.

"Only one way is left open today for Germany to save herself from the suicidal doom that Hitler and Himmler have intended for her, and it is Hitler and Himmler themselves who opened that way to the Germans," the broadcast said.

"In the last few months, many Germans thought or said: 'Yes, we realize that the Nazis are leading Germany to her doom. But what can we do against the S.S. and the Gestapo?'

"All German men from 16 to 60 are to be armed. He who has arms can act. If these arms are turned against Germany's real enemies, against the enemies at the interior, then Germany may still be saved."

Old men and boys—and "if need be women and girls"—were ordered to defend Germany with guns, swords, pitchforks, scythes and clubs as Adolf Hitler proclaimed tonight the formation of an armed home guard for a last-ditch defence of the Reich.

With Allied armies beating against the Reich from the west, east, southeast and south, Hitler established by decree the "Volkssturm" (People's Army) composed of every able-bodied German man and boy from 16 to 60 and proclaimed them part of the German Army under international law.

Then Heinrich Himmler, Commander-in-Chief of the Home Front, ordered the defence of Germany by "every village, every house, every farm, every ditch, every forest and every bush."

Himmler was followed by East Prussian Gauleiter Erich Koch, who fanatically pledged Hitler "we in East Prussia will not retreat an inch."

Hitler's proclamation was read over the Berlin radio. The Fuehrer, whose voice has not been heard on the air since shortly after the reported assassination attempt July 20, was quoted as saying:

"Just as in 1939 we are facing the enemy alone. In a first enormous effort of our German people's strength we succeeded then . . . Germany's second all-out effort must and will succeed. Relying on our own force, we will not only break the enemy's will of destruction, but we will throw him back again. I call on all able-bodied men to fight."

Thus the Nazis prepared the besieged nation for what their propagandists called the "greatest storm in world history which is about to descend on us."

Two Islands Hit By Allied Planes

ALLIED HEADQUARTERS, New Guinea, Oct. 19 (Thursday) (AP).—One hundred and fifty Allied planes smashed installations, shipping and airdromes on Ceram and Boeroe Islands, flank bases to the approaches to the Philippines, headquarters announced today.

This raid Monday was the second 150-plane assault in recent days on these bases.

Fighter planes paid widespread attention to shipping, damaging and sinking small shipping along the coasts of Halmahera Island.

They also proceeded as far northward as Cagayan Harbor, Mindanao, for the second consecutive day and set fire to two freighters.

Australian fighters swept Manokwari Harbor in Dutch New Guinea, hitting supply dumps and installations Tuesday.

NOT PESSIMISTIC

WASHINGTON, Oct. 18 (AP).—The Earl of Halifax says his only problem in gauging the war outlook is simply this: How to strike a proper balance between optimism and less optimism. Never, said the British Ambassador after a State Department visit today, had he ever allowed himself to become pessimistic.

Six-Mile Gain For Japanese

CHUNGKING, Oct. 18 (AP).—A six-mile Japanese advance through Chinese positions north of Kweilin, strategic Kwangsi Province city, was announced tonight by the Chinese High Command.

On the west river front far south of Kweilin, the High Command said, Japanese forces which attacked Chinese positions several miles west of Pingnam were thrown back yesterday. Fighting was reported continuing northwest of the town, which is 80 miles southeast of Liuchow, grand objective of the enemy's westward push into Kwangsi from Canton.

It was disclosed that United States 14th Air Force planes which attacked Japanese shipping at Hongkong Monday had struck a heavier blow than was first announced. Eight Japanese ships totaling more than 40,000 tons were sunk, seven ships with more than 23,000 tons displacement were damaged, and five more probably were damaged, a communique said.

Nazi Defence of Belgrade Hopeless

LONDON, Oct. 19 (Thursday) (CP).—The Germans' hopeless, last-ditch fight for Belgrade is becoming a slaughter, and Marshal Tito reported early today that his Partisan forces alone had killed 5,000 Germans.

Liberation of the Yugoslav capital was at hand and the Belgrade radio, closed down a week ago, came back on the air during the night—this time to broadcast the Allied communique.

"Our units are capturing one stronghold after another, even though the Germans are defending them to the last man," Tito announced. "The population of Belgrade is procuring arms to help our forces and is showing our units and the Red Army men where the enemy is hiding."

Mustangs Score on Patrol Off Denmark

LONDON, Oct. 18 (CP-Reuter).—Six German aircraft were destroyed by Mustangs of the air defence of Great Britain without loss on patrol off Denmark today, the Air Ministry announced tonight.

Ontario Infantry Facing Stiff German Opposition

WITH THE CANADIAN FIRST ARMY, Holland, Oct. 18 (CP).—Ontario infantry in the northern section of the Scheldt pocket tonight were battering their way towards Breskens in the face of heavy German opposition.

Ahead of them lay at least two miles of criss-crossed dike country, where the Germans have dug themselves in to bar the Canadians' progress towards Breskens, a possible escape port to Vlissingen (Flushing) on the opposite bank of the Scheldt Estuary.

Official quarters cautioned that there were no indications the Germans had departed from their original intention to hold out and the tough fighting today bore out this statement.

Canadian progress in the pocket was slight during the day as heavy showers and thick mud made fighting conditions miserable. In the northern sector Canadian infantry captured intact four 88-mm. and six 77-mm. guns.

North of Antwerp, meanwhile, there were signs that the Germans were massing opposite the area held by Canadian formations about the causeway which connects the mainland with the estuary islands of South Beveland and Walcheren.

Action was expected to break out in that area at any moment. Western Canada infantry established machine-gun positions on the north side of the causeway, making enemy use of this escape route more precarious than ever, though it is admitted that a trickle of supplies has been reaching the Nazis by this route.

Complete Plans to Try War Criminals

LONDON, Oct. 19 (Thursday) (CP).—Britain, the United States and Russia have completed arrangements for trial of Axis war criminals following assurances from all neutral countries they will not harbor them as fugitives, The News Chronicle said today.

The paper predicted Sir Walter Monckton, formerly director-general of the Ministry of Information, would lead the British group.

Government Of Greece In Athens

British Warships Take Over Scarpanto

ATHENS, Oct. 18 (AP).—The Greek Government, headed by Premier George Papandreou, returned to newly-liberated Athens today amid the tumultuous cheering of citizens who had suffered grievously during the years of Axis occupation.

The Premier arrived aboard the flagship Averoff, was met by members of his Cabinet at the quayside and driven through streets packed with wildly excited Greeks.

Since the liberation of the city last Sunday a committee of three, headed by Philip Manouilidis has governed the country pending the arrival of the Premier.

Manouilidis, in reviewing hardships suffered by the Greeks during Axis occupation, said more than 500,000 Greeks were slain or died of privation.

The committee has ordered all citizens to surrender any arms and weapons they may have, with the exception of members of organized guerrilla bands actively engaged in fighting the retreating Germans.

BRITISH WARSHIPS SEIZE SCARPANTO

ROME, Oct. 18 (AP).—British warships have seized Scarpanto Island, midway between Rhodes and Crete, in the name of the United Nations with landing forces meeting no enemy opposition, the Allied Command announced today.

The communique said "Scarpanto, like other islands in the Dodecanese, is ex-enemy territory."

The wording of the communique appeared intended to make clear to the Italians, who had occupied Scarpanto and most of the Dodecanese nearly 25 years ago, and to the Greeks who already are pressing demands for those islands, that the United Nations as a whole intend to take over administration of the islands until final peace settlement.

In London, Richard Law, British Minister of State, told the House of Commons the postwar status of the Dodecanese Islands must await peace settlement.

The communique said the Greek population of some 8,000 persons already had contained the German occupation garrison on Scarpanto

Germans in Difficult Spot In Hungary

BARI, Italy, Oct. 18 (AP).—Radio appeals to Hungarian troops to continue alongside the Germans and severe decrees by Count Ferenc Szalasi's puppet regime limiting civilian gatherings suggested tonight that the Germans were hard put to retain control over Hungary.

There was an unconfirmed report here that Heinrich Himmler and several ranking officers of the Gestapo had rushed to Budapest.

Experts on Hungarian affairs available in Bari advanced a theory that all members of the deposed government of Admiral Nicholas Horthy, who directed an armistice plea to the Allies Sunday, had been arrested or killed.

The Stockholm newspaper Dagens Nyheter said in a dispatch from Berne that Horthy had barricaded himself with a loyal bodyguard in a Budapest castle and was "maintaining the position against German troops."

Says Canada Close To Invasion Once

TORONTO, Oct. 18 (CP).—Canada was close to invasion from the northeast in 1941, Lt.-Cmdr. W. J. G. Carr, R.C.N., former senior naval officer at Goose Bay in Labrador, said today in an address to a service club.

Germany invaded Norway for the purpose of invading America from the north," Lt.-Cmdr. Carr declared. That is why we established aid and naval bases on the north shore of the St. Lawrence, at Goose Bay, Hudson Bay, Southampton Island, two on Baffin Island, and two in Greenland."

TO OFFER PRAYERS

LONDON, Oct. 13 (CP-Aneta).—Jewish congregations throughout Britain will offer prayers on October 28 that occupied Holland may be saved from the destruction and famine now threatening it.

British Drive Cuts Deep Into Enemy's Maas River Salient As Canadian Gains Continue

Heavy Rains Turn Western Front to Mud But Signs Point to Big Offensive Coming

LONDON, Oct. 18 (CP).—British forces with rocket-firing Typhoons overhead pushed through The Netherlands rail and road junction of Venray today and captured two more towns beyond, cutting deep into the enemy's Maas River salient with a steady advance toward the German border and the Ruhr Valley.

Canadians along the Scheldt Estuary pocket guarding Antwerp drove within 3,000 to 4,000 yards of Breskens. The continued thunder of German demolitions indicated the enemy had given up his last hope of a get-away through this ferry port to Vlissingen (Flushing) and that he intended to dig in and fight to the bitter end.

The United States First Army beat off a small German counter-attack at Aachen and strengthened its encirclement of the great German border city, which Berlin radio commentators for the first time publicly wrote off as lost.

Heavy rain fell all along the Western Front from Holland to the Swiss border, turning the ground into mud and making Allied advances difficult, but everywhere there was evidence of a build-up for a vast Allied offensive which a British Second Army spokesman said today may lead to one of the war's great decisive battles within the next 10 weeks. The Germans were said to have no strategic reserves left.

For the seventh consecutive day Allied heavy bombers attacked the great German city of Cologne, a Rhine industrial centre about the size of Toronto, punishing it with another 1,000 tons of bombs.

Elsewhere along the front the American Third Army drove to within four miles of Metz with a one-mile advance, and the French First Army in the foothills of the Vosges Mountains advanced nearer to three important passes on the route to Southwestern Germany.

British Tommies after taking Venray, eight miles short of the German border, liberated Veulen three miles to the south and Overbrook two miles to the southwest, giving the Allies a 45-square-mile

Seven Killed And 300 Hurt By Hurricane

MIAMI, Fla., Oct. 18 (AP).—A tropical hurricane dealt Cuba a lethal blow today, sideswiped Key West and moved on to offer a dangerous threat to the Southwest Florida coast.

Seven were killed and between 300 and 400 injured in Western Cuba, it was announced by President San Grau Martin tonight. Refugee camps were opened to provide food and shelter for the homeless. It was possible that a heavier toll might be learned when communications are established to outlying areas.

The hurricane whipped out of Cuba into the Gulf of Mexico, still pursuing a northward course, and tonight was reported by the weather bureau to be centred about 60 miles northwest of Key West.

Key West was on the outer fringe of the storm, and had 100-mile winds only in gusts. Steady winds did not exceed 80 miles an hour, and the island city apparently came through in good shape.

An 8 p.m. weather bureau bulletin, which kept South Georgia on an alert, said the storm centre will pass over the Florida mainland tomorrow on the west coast between Fort Myers and Tarpon Springs.

British Capture Base at Tiddim

SOUTHEAST ASIA COMMAND HEADQUARTERS, KANDY, Ceylon, Oct. 19 (AP).—British troops advancing into Western Burma have captured the Japanese base at Tiddim, from which enemy forces launched their abortive invasion of India early this year, Allied Headquarters announced today.

The fate of the Tiddim garrison was not immediately disclosed.

TRANSFER NAZI FLYERS

SOMEWHERE IN GERMANY, Oct. 18 (AP).—German flyers who have not proved their worth by shooting down Allied planes are being transferred to the infantry, a captive German air force captain said here. Capt. William McArtor, Columbus, Ohio, said that apparently because of a scarcity of planes the enemy was holding only top-notch flyers for air duty.

Bonn, Kassel And Cologne Hit in Raid

Casualties in English Town From Buzz Bomb

LONDON, Oct. 19 (CP).—Ice-laden Allied heavy bombers flew through freezing clouds Wednesday and bombed Cologne, Bonn and Kassel in Germany, while fighters swarmed as far east as Kassel on strafing expeditions.

Heavy casualties were feared when a buzz-bomb nose-dived into houses on the outskirts of a small southern English town during the night after being hit by anti-aircraft fire.

Rescue workers were still digging for victims at daybreak. A number of houses were badly blasted.

It was the eighth night in a row that the Germans have let loose with their flying bombs—still menacing even though the Channel Coast has been cleared of the enemy.

The United States 8th Air Force sent 550 heavy bombers and about 600 fighters to Germany yesterday. About half the bombers hit Cologne for the fourth time in five days, while the remainder cascaded destruction on Kassel, 100 miles east of the Rhine.

Besides acting as escorts, fighters shot up trains and airfields in the Kassel, Brunswick and Hannover areas.

Bonn, 20 miles south of Cologne, was hit by a smaller force of R.A.F. Lancasters. The city, famed as a university centre, also is an important railway hub on the west bank of the Rhine, and at present is believed full of German troops.

Other R.A.F. Lancasters attacked the Walcheren Island dikes in Holland, while dive bombers slashed at communications targets in the Siegfried Line. One R.A.F. bomber and one fighter were missing.

Canadian Spitfire dive bombers operating from an advanced R.C.A.F. airfield in Holland yesterday smashed another artery of German communications in the Ruhr Valley by scoring direct hits with four bombs on a main railway line near Lunen.

Pilots from a squadron commanded by Sqdn. Ldr. R. I. Smith, D.F.C., of Regina, were led by Flt. Lieut. Tex Davenport, of Russellville, Ark.

7,000 Tons Sent To Tito's Forces

LONDON, Oct. 18 (CP-Reuter's).—Air Minister Sir Archibald Sinclair today said that up to the end of September Britain had sent by air nearly 7,000 tons of supplies to Marshal Tito in Yugoslavia.

"The people of Yugoslavia, by standing in the tyrant's path in 1941, gained precious time which was worth a great victory for the Allies," he said.

Britain has been able to give tangible expression of comradeship through the R.A.F. and the Royal Navy who ferried in the supplies.

Not only munitions of war but clothing, medical supplies and completely equipped hospitals were taken in. In September alone more than 2,000 Yugoslav wounded were brought out from the country by air.

First R.C.N. Cruiser to Be Taken Over Saturday

OTTAWA, Oct. 18 (CP).—Canada's first cruiser of this war, the medium cruiser Uganda, will be commissioned at a United States Navy yard Saturday, Trafalgar Day, adding a wallop to the Dominion's offensive role in the Pacific theatre.

Uganda, named for the African protectorate, will likely be assigned to strike at the Japanese as soon as the war with Germany is over.

Hon. Leighton McCarthy, Canadian Ambassador to Washington, will deliver an address, and Vice-Admiral George Jones, chief of the Canadian Naval Staff, will be present.

The honor of commanding the navy's first heavy ship goes to Capt. E. R. Mainguy, of Duncan, Vancouver Island, former chief of naval personnel at headquarters here and before that commander of the destroyers Assiniboine and Ottawa.

The taking over the modern British cruiser, under a mutual-aid-in-reverse policy, marks a new stage in Canadian naval development with emphasis on offensive equipment. Navy Minister Macdonald has announced that the Uganda will be joined by at least one other cruiser and has indicated that Canada may shortly have three aircraft carriers.

The other cruisers will bear names of provinces, but the Uganda, reconditioned at the United States Navy yard, will hold the name which has already won her battle honors. With the Royal Navy, she was equipped by the protectorate and the Canadian Navy is keen on retaining the Empire link.

The first trained personnel for a distinctive Canadian naval air arm were recently graduated from the Collins Bay, Ont., Flying School.

The Uganda and the big ships that will some day join her will have the hard-hitting fleet of Tribal class de-

Busy Day for Chief of Naval Staff in City

Inspection of members of the Women's Royal Canadian Naval Service at their quarters in Moresby House I and Moresby House II yesterday morning opened a busy day for Vice-Admiral G. C. Jones, C.B., R.C.N., Chief of Naval Staff, Ottawa, who arrived here on Tuesday.

Accompanied by Rear Admiral V. G. Brodeur, C.B.E., R.C.N., commanding officer, Pacific Coast, he was met at Moresby House I by Capt. P. B. German, R.C.N., naval officer in charge of Esquimalt, and Lieut. Nora Allen.

After inspecting Moresby House and personnel, Vice-Admiral Jones continued his tour to the Royal Canadian Naval College. There he was met by Capt. J. M. Grant, C.B.E., R.C.N., and exchanged greetings with officers and men. An inspection of cadets was made and a brief address presented. Praising their activities of the past, and advising them to keep up the good work, Vice-Admiral Jones told them the war with Germany was not yet won, and that he did not know what the war with Japan would entail. He intimated that some of the cadets present would see action with the Japanese.

After lunch at the Naval College, the distinguished visitor, here from the east coast for the first time in four years, made a detailed tour of harbor installations and facilities.

Eighth Army Is Near Vital Town

ROME, Oct. 18 (CP).—The British Eighth Army's drive from the southeast corner of the Po River Valley plateau vanguards within two miles of the important road junction town of Cesena from both the east and south today.

Capture of Cesena would put the Eighth Army units in position both to continue their driving northwestward along the ancient Via Aemilia toward Forli, 11 miles distant, and due north along another first class road toward Ravenna, 19 miles away.

A furious battle still raged south of Cesena, with reinforced German units holding the Fifth Army's American spearhead to a virtual standstill nine miles south of the city.

Although hampered by bad weather, the Mediterranean Allied Air Force gave strong support to ground forces, especially in the Adriatic sector.

Dice Loaded Against Nazis; Big Battles Before Year End

WITH THE BRITISH SECOND ARMY, Oct. 18 (AP).—The great decisive battles of the war in Europe may be fought this year west of the Rhine, providing the Allies get an even break in the weather, a British [illegible] correspondents tonight.

The dice are heavily loaded in Allied favor, he declared, but it still is too early to predict whether Germany will collapse suddenly or crumble slowly into defeat.

Explaining that a great Allied build-up now is in progress—and that one day there will be a heck of a bang—the officer gave this picture of the situation:

The period we now are going through is a trying one for both the soldiers and the public, but they must realize the tremendous difficulties of supply to be overcome before the starting gong can be sounded for the next big drive.

The build-up is gathering momentum every hour of every day, and the end is just around the corner.

At present Allied armies are in a slogging stage—merely jabbing at the enemy—and this stage is the price that must be paid after the whirlwind drive from Normandy. Gigantic stores must be built up and transported hundreds of miles from the main Normandy base to the front before the Allied armies can punch out again in a sustained major smash against Germany.

These jabbing operations such as at Aachen and Nijmegen are necessary, however tedious they may appear, in order to prepare a springboard.

We will get all the fighting we want once we start the Allied juggernaut rolling to the Rhine, the officer continued. The enemy can be expected to fight tooth and nail to stop us from crossing the Rhine and there is a probable chance that the major decision and final phase of the war will be fought in the next 10 weeks.

stroyers to run interference on their flanks for the forthcoming offensive action against the Japanese. It has been estimated that a quarter of Canada's naval personnel and 350 of her fighting ships may be engaged in the Pacific.

There will be a Pacific role, too, for the tough fleet of escort ships which made the R.C.N. such a powerful defence factor during the grim early days of the Battle of the Atlantic.

In connection with the Pacific theatre no official hint has been given as to the nature and size of Canada's share of responsibility there. It has been announced that Canadian airmen will serve on a voluntary basis in distinctive Canadian squadrons, and it is indicated this rule may also apply to the army which may send fewer than two divisions.

Air Vice-Marshal L. F. Stevenson now is in the Southwest Pacific making preparations for the arrival of the first Canadian squadrons. However, it is reported here that he may not take over the theatre command, which is more likely to go to Air Marshal L. S. Breadner, R.C.A.F. overseas chief.

Members of the Canadian Army mission in the Pacific have already taken part in many of the island-hopping operations, and the experience they are gathering will be passed along to the Canadian contingent when it arrives.

Naval Staff Chief

Continued from Page 1

He made the trip in a small harbor boat, and was accompanied by Rear Admiral Brodeur and other senior naval officers.

Returning to Government House, where he is the guest of Lieut.-Governor W. C. Woodward and Mrs. Woodward, Vice-Admiral Jones attended dinner with other senior naval officers of Esquimalt.

Today Vice-Admiral Jones will make a detailed inspection of H.M.C. Dockyard and will lunch with Capt. German. This afternoon he will visit H.M.C.S. Naden and this evening will officially open the new officers' wardroom at Naden.

Leaving Victoria tomorrow, he will travel by automobile to Comox. He will make further inspections of naval establishments there.

First Long-Line Bus in Service

VANCOUVER Island Coach Lines, Ltd., has received the first inter-urban long-line bus delivered to the Island since 1940. A "Flexible Clipper," the 29-passenger bus, seen above, was manufactured at Loudonville, near Akron, Ohio. It was placed in service this week on the company's main up-Island route.

The bus displays the last word in coach design, mechanically and from the passengers' standpoint. It is powered by a 165-horsepower Buick eight-cylinder motor, mounted on a sub-frame, parallel to the bus length and in an accessible position. A prominent scoop in the roof at the rear brings air to a radiator mounted unconventially on the roof.

Seats are of the latest fully reclining design, and heating, ventilation and lighting are the most modern. Baggage facilities are large. Air brakes are the latest designed by the Westinghouse company.

The bus is the first of several ordered by the company.

Tempest Fighters Get 600 Buzz Bombs

LONDON, Oct. 18 (CP).—British Tempest fighters, the R.A.F.'s newest fighter aircraft, which went into operation shortly before the June 6 invasion of France, have scored nearly 600 victories over flying bombs, it was officially announced tonight.

before the British destroyers Terpischore and Cleveland arrived before dawn on Tuesday. Nothing was said of the size of the garrison.

The Greek Government recently expressed confidence that its claims to the Dodecanese Islands would not be seriously opposed by either Turkey or Italy after the war. Some Rome newspapers, however, intimated that the Italians had not given up all hopes of retaining some influence in the Eastern Mediterranean.

The liberation of Greece continued evenly. Additional British parachute troops were landed without opposition. Allied planes hammered German targets both in Northern Greece and along the escape routes through Yugoslavia.

Enemy transport and communications in Yugoslavia were hit heavily and R.A.F. night bombers on Tuesday night hammered the Vinkovci railyards, 90 miles west of Belgrade, causing explosions and fires.

Meanwhile, Allied military leaders arranged to send food, medicine and clothing to the hungry and shivering Greeks who are living in economic chaos.

Warns Labor Veterans Must Be Helped Into Civilian Life

QUEBEC, Oct. 18 (CP).—Delegates to the fifth annual convention of the Canadian Congress of Labor, today approved plans for assisting in the rehabilitation of veterans and for the promotion of a postwar employment program.

The 600 delegates heard Maj.-Gen. G. B. Chisholm, director-general of medical services, sound a warning that unless veterans were helped through the period of readjusting themselves to civilian life they might form in groups which would lead to a disastrous conflict between veterans and civilians.

The resolution was drafted in general terms and made provision for the Congress executive meeting with representatives of veterans' organizations and the Government in framing a more detailed policy. It said the Government and industry shared the responsibility of removing the handicap of loss of industrial experience by those who have been in the forces.

This should be met by a program of vocational and refresher courses at adequate rates of pay until the returned man could enter industry on a basis of equality with other workers.

Gen. Chisholm said the most difficult phase of the problem was presented by men who had the highest personnel rating and had been trained primarily as fighting men.

"No man should live as an ex-soldier. He should stop being a soldier as quickly as possible and become a civilian. That is the responsibility of all of us together."

David White, United Automobile worker delegate from Windsor, Ont., said ousting of civilian workers to make places for veterans was no solution. Granting "super-seniority rights" to veterans could become a weapon in the hands of "reactionary forces who want to split the veteran and the civilian." He proposed giving veterans seniority rights dating from the time of their enlistment.

C. H. Millard, Canadian director of United Steel Workers, said full employment and adequate training and rehabilitation was the only adequate solution.

The Congress-approved postwar plan calls for:

1. Recognition of jobs at adequate wages as the right of every Canadian.

2. Full representation for labor on postwar planning bodies and the organization of councils in all industries to plan and administer reconversion.

3. Pay for workers laid off during the conversion period, plans for absorbing war workers and ex-service men in peacetime jobs and a reduction in working hours without reduced wages.

4. Release, as quickly as possible, of materials for peacetime production.

5. Encouragement and expansion of the principle of social ownership.

Pat Conroy, C.C.L. secretary-treasurer, said: "The country cannot afford to go back to prewar economic conditions. There is no obvious attempt by the Government to prevent mass unemployment or partial unemployment after the war."

Germans Guilty Of Nazi Crimes

BLACKPOOL, Oct. 18 (CP).—The Trades Union Congress today approved the Russian proposal that German labor be forced to rebuild countries devastated by the German armies.

While making clear that Britain did not want this form of human reparation, the T.U.C. gave its support to any overtun country that had and proposed an inter-Allied commission to ensure that the conscripted labor did not become slave labor.

In a stormy session, the T.U.C. likewise reversed its decision of a year ago and declared the whole German people responsible for Nazi crimes committed in their name.

Asserting "there has been far too much mushy sentimentality," Sir Walter Citrine, general secretary of the congress, said:

"I cannot escape the conclusion that there has been no large-scale organized resistance in Germany since the advent of Hitler."

A move to refer back to committee the resolution condemning the entire German people was beaten 5,056,000 votes to 1,350,000.

Sir Walter said that invitations are about to be cabled to the American Federation of Labor, the Congress of Industrial Organizations, the Railroad Brotherhood and the United Mine Workers to attend the World Trades Union Conference in London next January.

Earlier V. Kuznetsky, leader of the Soviet delegation, appealed to the A.F.L. to reconsider its decision not to sit in the same conference as Soviet Russian delegates.

The A.F.L. had declared that Soviet organizations are not "free" trades unions.

WIN CONTROL OF ENTIRE ROAD

In this drive over the last miles of Netherlands bog country for a firm footing on higher and drier ground leading to the Ruhr junction city of Duisburg, the Tommies won control of the entire road from Venray to Deurne, to the southwest, and pushed across it.

Venray, which lies five miles west of the Maas, fell to the British troops during the night after a two-day battle, and was cleared of snipers this forenoon, front dispatches related.

The area west of the Maas bound by Sambeek on the north and Overloon on the west was cleared of the enemy, a field officer announced. The Germans said that midway between Eindhoven and Venray, at Helmond on the South Willems Canal, British troops had launched a new attack "with strong forces, supported by bombers."

Ontario infantry battering their way towards Breskens through driving rain and sticky mud were meeting tough German opposition every yard of the way, Alan Randal, Canadian Press war correspondent, said in a front dispatch.

German demolitions around Breskens and the movement of transport toward the coast indicated the Germans were not going to use Breskens as an escape port but would fight for it as they had for every other coastal port.

Elsewhere in the pocket Canadian progress was slow. North of Antwerp the Germans were reported massing opposite the area held by the Canadian formations astride the escape causeway leading to the estuary islands of South Beveland and Walcheren.

Action might flare out here at any moment, Randal said, and Western Canada infantry had established machine-gun positions on the north side of the causeway to make enemy use of it even more dangerous. The Germans managed to send a trickle of supplies along it to their beleaguered forces in the pocket.

With the smashing of the latest German counter-attack against Aachen the Americans now have badly cut up two German divisions, William Smith White, Associated Press war correspondent, wrote from the front. One has been substantially destroyed as a fighting unit and the other materially reduced.

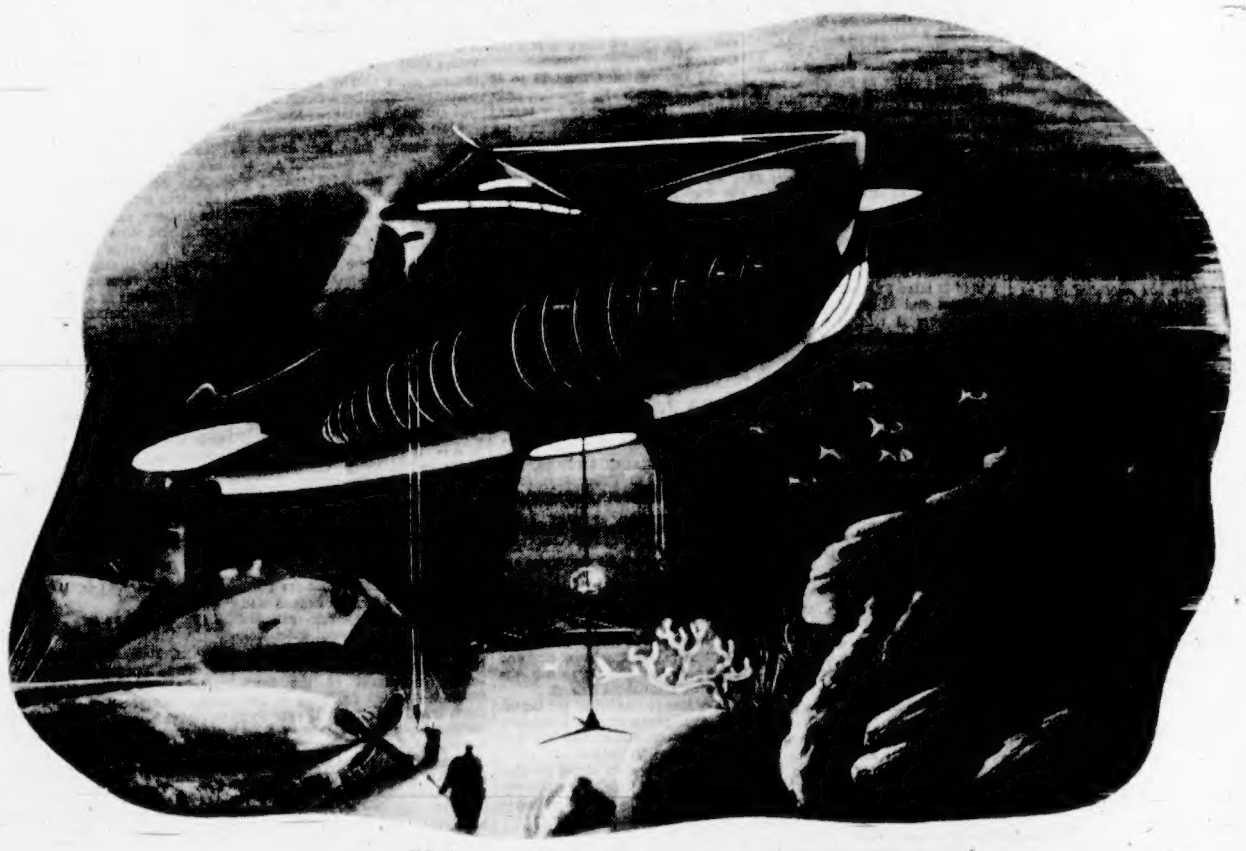
THE SEA WILL GIVE UP TREASURE
to men who think of tomorrow



SALVAGE SUBMARINE OF TOMORROW! . . . Already more than 40 million tons of shipping have been sunk in World War II. What a treasure trove of valuable metals and non-perishable cargoes may be reclaimed with these powerful undersea craft . . . equipped with salvaging cables and with decompression chambers for diving operations. They're coming . . . planned by *men who think of tomorrow!*

MEN, who think of tomorrow are planning many startling post-war engineering enterprises. The salvage of deep sea treasure by giant submarines is one of the most practical . . . and profitable.

But until the day arrives when men and machines are free for such fascinating exploits, we have a lot of salvaging to do on the home front!

For instance, the need for waste paper has never been more urgent than it is now. Are you salvaging yours? . . . Gigantic quantities of explosives must continue to flow across the sea to our armed forces. That takes glycerine and glycerine takes kitchen fats. Are you salvaging every drop you can?

There is no respite for *anybody* in the kind of a war we're waging. None for the soldier, none for those at home . . . None of us is through with the job until the last enemy flag comes down. And that means, among other things, buying more and more War Savings Certificates and Victory Bonds, and it means hanging on to them, too!

Tomorrow will come, as it always has . . . but it will be the brighter for the sacrifices we make today. Let us *all* be MEN WHO THINK OF TOMORROW . . . and get ready for it NOW!

Defence Minister Back in Canada

OTTAWA, Oct. 18 (CP).—Defence Minister Ralston, back from a three-week tour of overseas battlefronts, arrived here today by airplane and said that the Canadians fighting on the Italian front were holding German divisions which otherwise would be engaged on the Western Front.

"This is a very important job," said Col. Ralston. "So dogged has been our action on the Italian front that the Germans have been unable to draw any relief for their hard-pressed Western armies from the Italian area."

The colonel, accompanied by Lt.-Gen. Kenneth Stuart, chief of Canadian Military Headquarters in London, and a group of high officers, was met at nearby Rockcliffe air station by Air Minister Power, acting defence minister in Col. Ralston's absence, and Lt.-Gen. John Murchie, chief of general staff.

LOSES TWO SONS

NANAIMO, Oct. 18.—Dan M. Sawers, veteran of the last war, living at Northfield, has received official word that his 29-year-old son, Sgt. A. T. Sawers, was killed in action in France on September 13. Mr. Sawers also received word today that his younger son, Tpr. William D. Sawers, 19, who had been reported missing since the action at Dieppe, is now "presumed dead." He enlisted in 1941 and was in the Calgary tanks.

Here on Leave

GUNNER GEORGE W. TANNER

Of Victoria, who has served aboard the River class destroyer Ottawa since March, 1943, when the ship, formerly the Royal Navy vessel Griffin, was commissioned for the R.C.N. Warrant Officer Tanner has been with the navy since February, 1930, and with other crew members of his ship is now home on leave.

Wounded Men Return

Capt. George Kidd, 27, Queen's Own Cameron Highlanders of Canada, son of Cmdr. G. W. Kidd, R.C.N., Esquimalt, and Mrs. Kidd, 1031 Wollaston Street, is one of a number of wounded soldiers due to reach Vancouver on Saturday.

He suffered extensive mortar bomb wounds on August 8 in Normandy and is still a stretcher case.

He attended St. Michael's School and Brentwood College when his parents lived here for 10 years until 1937, then attended University of British Columbia. At enlistment in 1941 he was studying for his Ph.D. degree at University of Illinois. His parents returned here when Cmdr. Kidd was posted to Esquimalt.

One brother, Lieut. W. M. Kidd, R.C.N., is serving on the Skeena, and another, James, is studying medicine in Eastern Canada. A sister, Mary, is attached to the British Supply Council, Washington, D.C.

Other stretcher cases due at Vancouver this week are Lieut. P. M. Fox, Victoria; Lieut. R. E. Turnbull, Comox; Sgt. W. J. Robinson, Youbou; Lieut. R. C. Hall, son of John Hall, 235 Langford Street, and Pte. N. M. Christie, whose wife, Mrs. Marjorie Christie, resides at R.R. 1, Parksville, B.C.

Killed Overseas

SPR. E. N. SHEA

One of the four sons of Mr. and Mrs. H. Shea, Cordova Bay, who has been killed overseas, according to word received here. A letter received by his mother from the captain of his unit said: "Edgar was operating a piece of equipment vital to our work, and on the morning of August 26 was walking to his machine to get it ready to go to work when the man in front of him stepped on a German anti-personnel mine. The mine exploded and Edgar was instantly killed."

Spr. Shea is buried in the Canadian Military Cemetery at Mandeville, France. He went overseas last year. He is a nephew of F. Hawes, Victoria. His three brothers in the services are Tpr. C. H. Shea, L.A.C. E. H. Shea and O.D. G. H. Shea.

Awarded D.F.C.

F.O. H. K. DeBeck has been awarded the Distinguished Flying Cross for "outstanding service" overseas after nearly two years as a navigator of Lancaster bombers. Second son of Mr. and Mrs. E. K. DeBeck, 2830 Somass Drive, he has completed 32 operational flights over Germany. Educated at Victoria College, F.O. DeBeck is a graduate of University of British Columbia. After two years in the Provincial Forestry Service at Kamloops, he joined the R.C.A.F. in May, 1942. He is now serving as an instructor in England. A younger brother, Sgt. Pilot Fred DeBeck, was seriously injured while flying overseas early this year. He arrived home in May and is now attending U.B.C. Another brother, Ward, is a chaplain in the Canadian Navy, stationed at Halifax. Major-Gen. W. W. Foster is an uncle of the DeBeck brothers.

To Receive Discharge

Cpl. Robert Martindale, Black Watch Regiment of Montreal, who arrived home from overseas on October 6 suffering from internal injuries received in Normandy, will proceed to Little Mountain Camp, Vancouver, November 5, to receive his army discharge, according to his mother, Mrs. H. Howard, 1273 McKenzie Street. Arriving here on his 25th birthday, Cpl. Martindale intends to make his home in Victoria. He will continue to receive treatment for his injuries.

Reported Missing

F.O. H. R. L. (Pat) English, R.C.A.F., has been reported missing following air operations overseas, according to word received by his mother, Mrs. D. L. English, 2817 Prior Street. He was previously employed with the Metropolitan Life Insurance Company. His wife and son reside at Nanaimo.

Helps Sink Sub

One of a happy group of seamen was C.P.O. George Candy, Victoria, who, as a member of the crew of H.M.C.S. Ottawa, watched the Channel spew up debris after three successive depth charge attacks on a German U-boat. The ship's company cheered wildly as boxes, chunks of wood and pieces of uniform rose to the surface after the attack. C.P.O. Candy is at present home on leave at 150 Government

The War Today

By KIRKE L. SIMPSON
A.P. War Analyst

There is more than a hint of Nazi desperation in the new Hitler total mobilization decree calling all male civilians from 16 to 60 years of age to arms for Home Guard defence of the Reich. Its effect on German public morale is open to question for it offers in Hitler's own words little prospect of keeping converging Russian and Allied armies off German soil.

"Relying on our own force we will not only break the enemy will of destruction, but we will throw him back again," the man who led them into that closing trap told his people, already bled white.

That is a far cry from the bombastic Hitler utterances of the past. It summons all able-bodied males in Germany to fight—for what? not victory; but escape from total destruction.

There seems no doubt that Hitler and his hand-picked military advisers share the belief expressed day after day by Nazi commentators that the most crucial battles of the 1944 campaign in Europe are still to be fought and will be joined East and West alike before Winter closes in.

The type of defensive force projected in the Nazi Home Guard mobilization decree could be of small use against seasoned Allied troops in the field or even in manning fixed fortification belts like the Siegfried Line. They could, however, hamper village by village and house by house the advance on Berlin, still 300 miles distant from the nearest Allied or Russian spearhead. If Hitler's renewed plea for all able-bodied Germany to get ready to fight means anything at all, therefore, it must mean Nazi expectation of collapse of the Rhine and Vistula defence lines once either is struck in full force.

Japs Lose Heavily

Continued from Page 1

The total did not include recent attacks on the Philippines.

Of the planes shot from the skies, 206 were in position to attack Vice-Admiral Marc A. Mitscher's carriers, a part of the Third Fleet. Forty of these were accounted for by ship's guns.

A total of 269 enemy planes were shot down in dog fights over target areas.

The Tuesday strike at the Philippines centred on Camiguin Island, north of Luzon; at Aparri, on the Northern Luzon coast and at Laoag, Northwestern Luzon.

Two medium transports were sunk at Camiguin, two vessels set afire and two medium transports left beached and burning. A coastal cargo ship and fuel storage areas along the waterfront were set ablaze at Aparri. Fifteen Japanese planes were destroyed on the ground at Laoag and three at San Vincente, Northeastern Luzon.

Only one airborne plane was encountered in the entire strike—over San Vicente—and it was shot down.

The aerial strikes in the Philippines were continuing, Admiral Nimitz said, even as a Tokio broadcast reported a raid by 80 carrier planes in the Manila area today, Manila time (Tuesday night, North American time).

The raiders struck in three waves, Tokio reported without confirmation, and 16 were shot down. Their targets were given as Manila, Clark Field, 40 miles northwest, and Legaspi, important port southeast of Manila.

A Tokio broadcast quoted Japanese propagandists as asserting American task forces were "still fleeing away from Formosa, towing a number of crippled ships through an oil-covered sea." This was nearly 24 hours after Admiral Nimitz had denied all Tokio's claims.

A report on the destruction which the American Third and Fifth Fleets have dealt the Japanese in the mounting action in the Western Pacific in the last four and one-half months came from Navy Secretary Forrestal in Washington. He said 905 enemy ships had been sunk or damaged and 3,080 Nipponese planes destroyed in that time.

Callao, chief port of Peru, was raided by Drake and others in the 16th century and in 1746 was completely wiped out by an earthquake.

Sir Patrick Ashley Cooper Presents HBC Award to J. S. Horne

At a recently held dinner in a private dining-room of the Empress Hotel, Mr. Horne, controller of Hudson's Bay Company, Victoria store, was singularly honored. The occasion marked his 35th anniversary of joining the Company and he was presented by Sir Patrick Ashley Cooper, Governor of the Hudson's Bay Company, with a gold medal and bar, signifying 35 years of efficient service with the Company. Accompanying the award was a cheque, the customary complement of long-service medals and bars. Soon after his arrival in Canada in 1909 from his home in Kirkwall, Orkney Islands, Mr. Horne joined the Vancouver wholesale division of the Hudson's Bay Company, and three years later transferred to the retail division. It was in 1921 that Mr. Horne was appointed to his present position as controller of the Victoria store.

Those attending the dinner were: Sir Patrick Ashley Cooper, London, England, Governor of the Hudson's Bay Company and chairman of the London Board; P. A. Chester, Winnipeg, general manager for Canada and member of the Canadian Committee, and F. F. Martin, Winnipeg, general manager Retail Stores Department. Invited guests were A. J. Watson, formerly Victoria store manager; C. W. Veysey, Victoria, formerly manager of the Wine and Spirit Department, Winnipeg, and C. N. Chubb, H. B. MacKenzie, J. S. Horne, A. H. Bryant and C. W. Page, of the Victoria store.

Reliable Formula

Material and improving success has followed the fortunes of the Allies in the Pacific since battle tactics were changed to a policy of attrition, with immediate and localized actions. The old policy of setting a heavy force ashore on enemy-held islands to launch a pitched battle there was costly in a human sense, and also it was slow. It suited the Japanese well, because they care little or nothing about how many of their men die in battle. Also, it wasted our forces without achieving more than fragmentary gains. The policy next adopted is the one that has paid real dividends. It could be called the tie-off-and-snip plan.

What happens today in the Southwest Pacific is that the Allies select a zone in which they wish to operate; plug its eastern limits by cutting Japanese communications there; and then stand off at a distance with task forces and landing parties until a starving enemy is shelled and bombed into submission without a hand-to-hand fight. It was in that manner that the Allies have made most of their progress in the Pacific this year, and it has been substantial and vast. Here a snip and there a snip, here an aerial bombardment and there a surface force's salvoes, and a stranded and segmented enemy garrison has had all the fight taken out of it, without ever getting within rifle range.

On two main occasions that have been recorded, and probably on others that have not been announced, the Japanese Navy has attempted to interfere with this process. On the first occasion, about three months back, their surface units were moving out to the attack of a United States fleet when carrier planes caught them and gave them such a lacing that they turned back. Again this week, the Japanese Navy tried to make a show of battle. It sent its attack planes ahead, but they met with ill fortune. Finding the Allied ships undamaged, the Japanese flotilla again turned tail and fled.

For the moment, it would seem, the Allies must go back to the tie-off-and-snip policy; which is both damaging and provocative to the enemy. Japan's island garrisons are going down steadily one by one. Her Army must by now be howling to her Navy to do something about it, but it is getting late in the day for the Japanese fleet to make any successful challenge to the Allies at sea. There is abundant evidence that leaders on our side have on several occasions sought such a challenge. So far it has not come. The flag with the rising sun has been found steaming the other way, and by now the Japanese Army must be really annoyed. Ours is a reliable formula. It is working out well.

Control of Food

There can be no more dangerous power in the hands of any Government than the control of a nation's food. One had only to look about the world during the last two decades to see what that has meant to whole nations of people. Food was the stick that was held over their backs until they surrendered the last vestige of their rights as free men and women. People must eat, and where a Government controls their food they have no option but to see eye to eye with that Government. Dictatorships knew that, and used it to the limit; up to and sometimes beyond the limit of human endurance. So, even while war needs are present, Canada must never forget that food rationing is the most dangerous power in our Government's hands. That power must be vacated when hostilities cease, or so soon thereafter as is reasonable.

These remarks are prompted by Ration Book No. 5, which is going into the hands of the public. If Canadian householders expected a new ration book with butter, sugar and one or two other commodities rationed—and we submit that that was the general expectation—they must now be having a genuine surprise. The new ration book has eleven pages of coupons, of which only three items are identified. The rest are held in blank. At the back of the book is an exchange card, implying still further ration books. Nowhere in it can one find any sign of intended withdrawal by the Administration from the direct control of food.

What precisely do the "M," "P," "Q," "R" and "S" coupons stand for? Do the Government themselves know? Why should the public have to accept a transfer of such powers in blank, when the food problem under present conditions in the war is considerably less than once it was in this land? For all the public is yet aware, "Q" may be merely a question for which the Government have no answer in their minds; "P" could stand for politicians who seem to have surrendered their voice at Ottawa; and the rest could be similar gibberish, part of the alphabetical mania of the day.

We do not suggest that it is gibberish. We are sure, in fact, that the Government will find a plausible answer; declare all this to be necessary on pain of otherwise losing the war; be outraged, perhaps, in the seat of their pride at even being questioned. The more reason, then, to remember that control of a nation's food is a dangerous power, and not for one moment longer than is necessary should this country put up with it, in this or any other form. Moreover, the Government should be made to prove the necessity at any point or at any time. Meanwhile, we have some more alphabetical nonsense, until someone at Ottawa deigns to explain.

Women and Children

Long after this conflict is over it will be remembered of the Nazis that in Greece and elsewhere they carried off women and children as hostages, opposing them as shields to ward off the attack of guerrilla and other forces, as they fled through the land. That has been done by the Nazis on every front. The world might have expected it from Attila, the King of the Huns; but Attila would not have cowered behind a woman's skirts for fear of the blows of a man.

It seems strange to find such a practice alive in the modern world, until one remembers the origin of the Nazi party, its aims, and the use it made of Germany once it came into power. Certainly no military force in the world from the days of Attila to the present has descended so far in search of conquest—and conquest is eluding the Nazis completely. For a little while longer they may shelter behind women and children. For a little while longer they may slay hostages, in defiance of every natural and human feeling. For a little while longer it may all go on, but then it will come to an end. In that day the Nazis will stand abhored and alone throughout the world.

In the present instance, the use of women and children as hostages will not stay the German flight from the Balkans. The whole southeastern corner of Europe is being cleaned of a bad plague. Berlin may nominate puppet governments to stand for a moment at a roving capital, but Nazi sands in the Balkans are running out. It is flight now, with men shielding themselves behind "hostages" for fear of their lives. And Attila, were he alive, would have sneered at a breed of cowards the like of which the world has not known in many a century.

"Secret Weapons"

Germany's reliance upon "secret weapons" bids fair to cost her the loss of morale in this war. There have been a number of them, more than anyone today could remember. They ranged from torpedoes at sea, to rocket bombs in the air; from wooden land mines to the latest, "an electric machine gun" claimed to have been placed in use by Nazi troops on the Eastern front. So Berlin is told. In the same breath, however, Berliners learn that the Eastern Front, the Western Front, the Southern Front and the Southeastern Front are all yielding at places; sagging and giving back. There will follow behind the enemy's lines a blank disbelief in any "secret" formula by means of which Germany could now win the war.

Morale is a vast if intangible force. Once an army knows that it is beaten it fights without hope. What could be attempted in the thought of victory is not attempted. Gloom succeeds to high spirits, and spreads from the general to his orderly, and thus through the camp. Soldiers on leave recite their experiences. The home front puts two and two together, and sometimes names it six. Fear drags at the heart of first homes, and then at the heart of a nation. Germany is staring all that in the face now. How far the process has gone no one can estimate who is outside of the Gestapo's lines.

"Secret weapons," of course, were a part of the German propaganda. They were meant to terrify us. It is ironical that the terror is reacting the other way. The free world has laughed at them. It is Germany that today fears their use, and fears the consequences. The truth is no miracle is likely to appear for Germany in this war. This form of propaganda has bounced back upon Berlin, until today the German High Command would probably give a year of its combined lives if the words, "secret weapon," had never been thought of or mentioned. But the Nazis simply had to be "wonderful." It was in their creed that they were supermen, once.

From "Nature"

Thy shores are empires, changed in all save thee—
Assyria, Greece, Rome, Carthage, what are they?
Thy waters wash'd them power while they were free,
And many a tyrant since; their shores obey
The stranger, slave, or savage; their decay
Has dried up realms to deserts;—not so thou;—
Unchangeable, save to thy wild waves' play,
Time writes no wrinkle on thine azure brow:
Such as creation's dawn beheld, thou rollest now.

Thou glorious mirror, where the Almighty's form
Glasses itself in tempests; in all time,—
Calm or convulsed, in breeze, or gale, or storm,
Icing the pole, or in the torrid clime
Dark-heaving—boundless, endless, and sublime,
The image of eternity, the throne
Of the invisible; even from out thy slime
The monsters of the deep are made; each zone
Obeys thee; thou goest forth, dread, fathomless, alone.

London Tribute

(From The London Evening Standard)

"A wedge five miles deep has been driven into the German lines above Caen by the First Canadian Army under General Crerar." This curt announcement tells of more than history in the making; it tells the climax of an historic process.

The Dominion of Canada has reached full stature among the great nations of the world. The single division, the sole armored fist that could be raised against the German threat of invasion after the fall of France, has attained the long-cherished desire of Canadians and become a powerful national army.

It is difficult to recount our debt to Canada: harder still to express our gratitude. The heroism of her troops in the last war is legendary; her present sons their worthy successors.

In the days of our darkness there came to us from Canada not only men but goods—a free and unconditional gift. In this noble generosity lay the germ of Lease-Lend, the system of practical international self-help developed by Canada's great neighbor. Canadian aid was among the first to reach our Soviet ally, to sustain her until she gathered her full strength. It was through Canada, with Canadians at her side, that the United States built the great Alaskan Highway that will complete the final encirclement of the Japanese aggressor. Canadian troops and seamen stand on guard at the Pacific seaboard, equipped for the final onslaught. Canadian corvettes, built in Canada, have helped to hound the German U-boats of the Atlantic. The Royal Canadian Air Force has proved it has all the skill and audacity that the world expected of it.

Without the aid of Canada it might have proved impossible to build up Allied air strength to the fantastic proportions modern war requires. It was in Canadian skies that the youth of the British Commonwealth of Nations first fledged their wings; it was on Canadian soil that they first realized the warmth of kinship.

Today Canada ranks fourth among the great armament producers of the free world. Her tanks fight on every front. Her airplanes sail every sky, her ships every sea. But it is of her sons in Caen that we are thinking. They have been the guests of our homes. They have played darts in our pubs, and helped garner our harvest. They came through the greatest test of military discipline; long years of waiting and inaction.

Now, on the anniversary of the decisive onslaught launched by their fathers at Amiens against the Kaiser's armies, they are entering into their heritage. They are not avenging Dieppe, where they bore the heaviest burden of a brave experiment. They are exploiting the experience of Dieppe with the skill, tenacity and the shining courage of a great and grand people.

Armies Need More Supplies, Ilsley

TORONTO, Oct. 18 (CP).—Finance Minister Ilsley said today it was hoped to make Canada's Seventh Victory Loan the largest borrowing operation in the country's history.

Land warfare had used more supplies than had been anticipated, and it was necessary to borrow to meet the demand for increased supplies.

"We are committed to struggle till victory, and supplies must and will be provided no matter what the cost," Mr. Ilsley said. Even should the European war end before March next, the outlay will not be less than $6,000,000,000.

After Germany was defeated the war with Japan, and rehabilitation would have to be considered, the minister told the Women's Canadian Club.

Late last month a plane load of monkeys from East Africa arrived at Gibraltar to replenish the dwindling number on the rock. There is an old legend that when the monkeys die out, British sovereignty will wane. Natives have [illegible] position. They claim the British and the monkeys arrived together to colonize Gibraltar, and their domicile cannot be ended separately . . . From a correspondent: "Last night was the first on which the blackout was modified in this village near Halifax, Yorkshire, and we went outside on the terrace to see the lights twinkling in the valley. It made one feel that the end of the war was in sight, and it was easy to understand the tiny boy aged five years who said: "Mummy, the stars have come downstairs." Children who have never known anything save a wartime England will have to adjust their lives to a completely new set of circumstances when peace comes again" . . . Mayor Andrew McGavin received a letter on Tuesday bearing the address: "Private Mayor Andrew McGavin, Esq., mayor, city of Victoria" . . . We were glad to learn yesterday that Ward 1, Patricia Bay Hospital, R.C.A.F., which had been without a radio set for several weeks, received one from the Red Cross. The organization has placed three others at the station . . . The only trouble with a self-made man is that he has nobody to blame . . . A paratrooper has to pull strings to keep his job . . . From bitter experience we learned a floor is the only thing that will stop falling hair . . . Large numbers of Civil Defence workers in areas of England, exclusive of London and portions of the south and east coasts, are to be discharged on November 15.

MR. BASIL LUBBOCK

Sir,—In The Journal of Commerce and Shipping Telegraph, Liverpool, of September 7 last, is the mention of the passing of Mr. Basil Lubbock, whose literary work was so ably associated with the artistry of the late Mr. J. Spurling in recording by printed word and picture the halcyon days of sail in the three capacious volumes of "Sail," and in the abridged edition in two volumes "The Romance of the Clipper Ships." As these books do show Lubbock and Spurling were an excellent team for both alike combined a real feeling for their theme with the knowledge and experience of the practical seaman.

Mr. Lubbock left England for Canada in 1897, and in the second year of the gold rush went into the Klondike over the Chilcoot Trail. When he left the Klondike he shipped in the four-masted bark Royalshire at San Francisco as an ordinary seaman and went home in her round the Horn. He gathered the private journals and scrapbooks of a number of old seamen, which he used in much of his writing. Years ago I spent an afternoon in Lubbock's study on the banks of the River Hamble, overlooking Southampton Water. There were many fine ship models in the study and mutual correspondence was kept up for some years afterwards. Mr. Lubbock moved to Hove and then to Seaford. He had a large correspondence with a great number of retired master mariners and it took him many years to collect material for most of his books.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill of the Esquimalt Drydock at any time, add 29.6 feet to the height of high water as shown given.

Indications are the Germans are trying to speed up evacuation of their troops from Greece. With nearly all escape routes cut, they are not attempting to transport them to Germany, but probably wish to use them to stem the Russian advance into Yugoslavia, says The Times' Cairo correspondent.

earthworks hastily dug by the old men, women and children of East Prussia during the past couple of months.

The Germans asserted their lines had withstood the first stern test.

Moscow also kept silent about the attack in chaotic Hungary for the sixth day. The last Soviet mention of the clean-up operation directed at Memel and the southward thrust toward East Prussia from the north in the Tilsit direction also was made on October 12.

Yet there were terrific battles in progress along the Eastern Front, as evidenced by Moscow's statement that 1,435 German tanks and 523 planes have been knocked out since October 6 on all fronts.

According to Axis reports, large tank clashes continued south of Debrecen in Hungary, and the Free Austria radio told Austrians that the Red Army would be at their borders "in a matter of days" after the collapse of Hungary.

"Unless Vienna emulates Paris (and rises against the Nazis) Austria is doomed," this anti-Nazi broadcast warned.

The close quarters fight inside the Yugoslav capital of Belgrade raged on, with the Yugoslav Partisans reporting they and the Russians now held most of the city against two trapped German divisions.

Wounded Men On Way Home

HALIFAX, Oct. 18 (CP).—Hundreds of wounded Canadian servicemen, including Maj.-Gen. R. F. L. Keller, streamed ashore from the hospital ship Lady Nelson today with stories of the bitter fighting in France and Italy that had sent them back home as casualties.

About 500 members of the army and air force returned to Canada aboard the hospital ship, most of them victims of the war in France. One of the casualties from France was Gen. Keller, wounded when an American bombardment fell short of its objective and landed among Canadian troops.

Gen. Keller, who led the 3rd Division into France, left early this morning for Montreal. He was the first wounded officer of his rank to come back to the Dominion.

Other soldiers wounded in the same tragic error came home on the Nelson.

Gen. Keller's wife, who makes her home at 2480 Cardigan Road, has gone to Montreal to meet her husband. He was expected to arrive there last night. Their two sons have remained here. Gen. Keller may come to Victoria later on leave.

Sets Up Military Law for Germans

PARIS, Oct. 18 (AP).—Extermination of Nazism with all of its works and symbols, and stern but just treatment of the Germans generally are the terms of the military law being imposed in German territory as it is wrested from Hitler's army.

Brig.-Gen. Julius C. Holmes, Gen. Eisenhower's deputy political affairs of staff for military government, said today in outlining the scope of the measure that its main object was to facilitate the work of the armies in continuing their push.

The present code already is posted in those small areas of Germany so far occupied and deals only with the war period. Plans for long-term occupation of the Reich are left for the Allied governments to decide upon later.

The war law for Germany sets aside the sovereignty of the German state and makes Gen. Eisenhower supreme judge and administrator. It is effective in all areas occupied by the armies under his command.

The main provisions are the elimination of Nazism, apprehension of war criminals, protection of Allied and neutral property, abrogation of Nazi laws, surrender of all arms by Germans, suspension of civilian travel, courts, newspapers and radio stations, control of postal, telegraph and telephone services and preservation of all existing records, archives, artistic and scientific works and property generally.

The code provides possible death penalties for resistance behind the allied lines.

Charge Dismissed

VANCOUVER, Oct. 18 (CP). — A perjury charge against Stanley Hope Ewing, bank manager, was dismissed in County Court here today. Ewing was charged in connection with evidence he gave at a trial in 1938, when C. H. Cahan, former British Columbia lawyer, was convicted of robbery.

"It sounds as though we've been going on a fishing trip," said Judge Bruce Boyd. "I wouldn't hang a dog on that evidence. It seems a pity a decent businessman would be put in jeopardy like this. I discharge him."

Casualties in Empire Forces

LONDON, Oct. 18 (CP).—Clement Attlee, deputy prime minister, disclosed in the House of Commons today that British Imperial forces, including those of the Dominions and other overseas personnel, had suffered 103,842 casualties from the opening of the Western Europe campaign to the end of August.

Of this total, he said, 20,795 were killed, 83,193 were wounded and 19,854 were taken prisoners or listed missing.

Mr. Attlee said the total included all air force casualties from April 1, while the remainder dated from "D" Day—June 6.

Prime Minister Churchill recently told Commons that American losses since "D" Day in Europe were about 145,000.

At Ottawa casualty figures for the period from "D" Day to the end of August were not available. However, from figures already announced it was possible to work out a rough approximation of the number Canadian casualties during that period.

The Canadian casualty total reckoned on the basis of May 31 to August 31 for the army and May 31 to July 31 for the navy and air force, was 22,702. This was broken down to give a navy total of 171, army 20,688 and R.C.A.F. 1,655.

Test Greenhouse Fast Producer

WINNIPEG, Oct. 18 (CP).—In a lush California valley Canada is operating what Dr. L. H. Newman, Dominion cerealist of Ottawa, calls "a sort of open air greenhouse."

He told of it here yesterday. It is at the southern end of the Imperial Valley. Use of this testing ground where climatic conditions permit [illegible] a year in the development of new seed for experimental purposes.

In the Fall of 1943, the Dominion Department of Agriculture sent 10 pounds of a type of sawfly-resistant wheat to Canada's rented patch in California. By the Spring of 1944, it had produced 14 bushels of wheat, and this Fall production was 1,000 bushels.

Dr. Newman said the idea now was being extended. Fall plantings will include new sawfly-resistant wheat varieties, and special types of barley and oats.

Birth Rate Increases

LONDON, Oct. 18 (CP).—England had a birth rate of 19.3 for each 1,000 in population during the three months ended June 30, the Registrar-General's office announced tonight. During the corresponding period last year the rate was 17.5. During the first quarter of this year it was 17.9.

War Labor Board Chairman in City

Hon. Mr. Justice Maynard B. Archibald, Ottawa, chairman of the National War Labor Board and member of Supreme Court of Nova Scotia, is here on a routine visit to the regional war labor boards of the four western provinces. He is accompanied by Mrs. Archibald.

"I think it is fair to say that by reason of the co-operation received from both employers and employees, wage control has functioned very well," he said on arrival yesterday. He explained that the order in council affecting wages was a stabilizing measure and not necessarily an equalizing agent.

Mr. Justice Archibald has visited regional boards in Manitoba and Saskatchewan, and on the return trip will confer with Alberta officials.

The Wage Control Board of which he was recently appointed chairman, replacing Hon. Mr. Justice C. P. McTague, consists of Leon Lalonde, K.C., representing employers' interests, and John Bell, Toronto, representing labor. Judge J. C. A. Cameron, Belleville, is alternate chairman.

Mr. Justice Archibald and Mrs. Archibald, formerly residents of Halifax, are visiting the West for the first time. He said it had been a delightful trip; they found the prairie panorama impressive and were amazed at the evergreen aspect of Victoria gardens.

May Lead Canadians In War on Japanese

OTTAWA, Oct. 18 (CP).—The Evening Citizen said today in a front-page story that Lt.-Gen. E. L. M. (Tommy) Burns, of Westmount, Que., commander of the Canadian Corps in Italy, may be designated as commander of the Canadian Army forces to be sent to the Pacific when the European war ends.

Defence Headquarters here declined to comment on the report.

To Join "Quiz Kids"

VANCOUVER, Oct. 18 (CP).—Fern Turnley, Vancouver child whose ability to spell and read interested John Lewellen, program director of the "Quiz Kids" during a trial bout with the professional prodigies in Seattle five weeks ago, has received an invitation to join the radio program in Chicago, her father, Francis R. Turnley said tonight.

Mr. Turnley will meet Mayor J. W. Cornett Thursday in an effort to secure public support for the trip to Chicago. The child has learned to read and write by a pedagogic system developed by her father.

Andrews Sisters Star in Musical

A clever and timely story interspersed with gay music and performed by a lively cast are the popular elements combined in Universal's "Swingtime Johnny," coming today to the Oak Bay and Plaza Theatres. The famous Andrews Sisters are starred in the new comedy-musical which features Harriet Hilliard, Peter Cookson, Tim Ryan, Matt Willis, Bill Phillips and Mitch Ayres and his orchestra supply additional rhythm and entertainment.

"Swingtime Johnny" is described as being a clever cocktail of romantic happenings, lilting melodies and rib-tickling situations.

DOMINION THEATRE A realistic reproduction of a German prison camp was constructed on a sound stage of the Metro-Goldwyn-Mayer studios from descriptions and sketches of Nazi prison camps from former internees. Great pains were taken to insure the authenticity of the setting because so much of the action of "The Cross of Lorraine," which ends tonight at the Dominion Theatre, is laid in a Nazi prison camp.

ATLAS THEATRE In Walt Disney's full-length picture, "Snow White and the Seven Dwarfs," which ends tonight at the Atlas Theatre, the wicked Queen comes to a violent end by toppling off a high cliff in the midst of a bang-up thunder and lightning storm, but the scene is unlike anything out of a "horror" movie. "Snow White" throughout has scenes of pathos, romance and excitement in addition to humor.

YORK THEATRE Thirty-four name stars in one picture, each performing a specialty number for the benefit of a U.S.O. sequence, are to be seen on the screen of the York Theatre where M.G.M.'s "Thousands Cheer" is now playing. These include Mickey Rooney, Judy Garland, Red Skelton, Lucille Ball, Ann Sothern, Lena Horne, Kay Kyser and his band among the all-star guests.

Amusements

ON THE SCREEN

Atlas—"Snow White and the Seven Dwarfs."

Cadet—Betty Grable in "Sweet Rosie O'Grady."

Capitol—"The White Cliffs of Dover," featuring Irene Dunne and Alan Marshal.

Dominion—Gene Kelly in "The Cross of Lorraine."

Oak Bay and Plaza—"Swingtime Johnny," featuring the Andrews Sisters.

Rio — William Boyd and Claudia Drake in "Bar 20."

York — "Thousands Cheer," featuring Gene Kelly and Kathryn Grayson.

CAPITOL THEATRE Alan Marshal, long a favorite with stage and screen audiences, plays opposite Irene Dunne in M.G.M.'s "The White Cliffs of Dover," now at the Capitol Theatre. Not only is screen acting his profession, but he finds considerable diversion in attending the movies two or three times a week.

"Bar 20" Will Be New Film at Rio

Exciting is the word for the new rip-roaring Hopalong Cassidy adventure, "Bar 20," which opens today at the Rio Theatre. Rapidly paced action, romance, stunning scenic effects keynote the Harry Sherman production, which finds "Hopalong Cassidy" Bill Boyd and his pals, Andy Clyde and Jay Kirby involved in plenty of excitement and gunplay. Centre of a romantic triangle is heroine Claudia Drake, a lovely and attractive young actress.

"Bar 20," adapted from the stories of Clarence E. Mulford, offers a stirring picture of Western life and adventure.

"Sweet Rosie O'Grady" To Play at the Cadet

Surest cure for the blues is the Technicolor musical comedy starring Betty Grable, Robert Young and Adolphe Menjou which is due to open today at the Cadet Theatre. The happy tunes, the clever story, the gorgeous Betty—all go into making this film a special extra.

Betty is seen as a beautiful entertainer in the good old days. Returning to this country after a spectacular success in London she is outraged to learn that a young reporter on The Police Gazette has been chronicling her doings with anything but a tender pen.

Being feisty as well as beautiful, she conceives the idea of making him take a good stiff dose of what he is prescribing. With the result that many hilarious comedy scenes result for the further delight of the audience.

GOOD PROGRESS

LONDON, Oct. 18 (CP-Reuter).—Sir Stafford Cripps, Minister of Aircraft Production, told the House of Commons today that production of jet-propelled aircraft is making good progress in Britain. He said it would be contrary to public interest to make any more detailed statements.

RESTRICT DISPLAYS

WASHINGTON, Oct. 18 (AP).—The War Production Board today asked cities to refrain from Christmas displays of outdoor decorative lighting this year, as in 1942 and 1943. The request was based on the short fuel supply in many areas. Indoor lighting in homes or stores is permissible, it was stated.

Wool Fund Tea Realizes $50

The sum of $50 was realized by Group 2, Save the Children Fund, at a silver tea in aid of the wool fund held Wednesday at "Sevenoaks," the home of the president, Mrs. H. R. Townshend, 335 Moss Street.

Formed at the beginning of the war, this group, consisting of eight women, has sent over 1,200 articles overseas, including five large boxes to the Women's Voluntary Services, with over 500 articles, and tow complete layettes, containing over 20 articles, to Bundles for Britain. Over 50 shawls, 93 jackets, 95 pairs of woolen panties, 64 nighties, 18 cot blankets and afghans, as well as dressing-gowns, diapers, sets of bonnets, jackets, booties, and cuddley toys (including Raggedy Ann and Andy dolls, elephants, and other oil-cloth and woolen toys) have been sent to Mrs. M. M. Roberts, M.B.E., matron, Walton Hospital, Liverpool.

Mrs. H. R. Townshend was convener of the tea, assisted by Mrs. A. H. Banks, Mrs. R. A. Bell, Mrs. K. Reid, Mrs. A. K. Harrison, Mrs. W. S. Phillips, Mrs. A. J. Helmcken; and Mrs. Austin I. Curtis. Mrs. J. H. Moore and Mrs. R. Aitken poured tea. Mrs. Philip Moran and Mrs. A. I. Curtis received prizes.

Marks 35th Year

The Oriental Home, 1120 Pembroke Street, was the scene of an interesting gathering Wednesday afternoon when members and friends of the Chinese Woman's Missionary Society met to celebrate the 35th anniversary of the organization.

Brilliant Autumn flowers and foliage decorated the home. Miss Pearl Willows, former teacher at the home, gave a violin solo, accompanied by Miss Lillian Mah. Miss Margaret Laurie, presiding worker at the home, welcomed the visitors, and mentioned two charter members of the society, Mrs. Joseph Wong and Mrs. Wong Hong, also the daughter of a charter member, Mrs. Tong Yen.

Mrs. W. H. Muncey, Victoria Presbyterial president, brought congratulations and paid tribute to the pioneer women who founded the society. Miss Grace Baker, chairman of the home committee, congratulated the ladies on their years of service, and recalled two past workers, now in Ontario, Mrs. Ida Snyder and Miss Annie Martin.

Chinese ladies taking part in the devotions were Mrs. Matthew Bong, Mrs. Chow-Lung, Mrs. Peter Gung, Mrs. A. Butler sang, accompanied by Miss Laurie.

Rev. Chow-Lung, pastor of the Chinese United Church, gave an address in English and then in Chinese. Refreshments were served, and the birthday cake was cut by Mrs. Peter Gung. The sum of $21 was collected for missionary funds.

Engagements

Mr. and Mrs. G. Benning, 433 Government Street, Victoria, announce the engagement of their youngest daughter, Constance Margaret, to Lt.S. Donald Edward Broadworth, R.C.N.V.R., son of the late Mr. and Mrs. William Broadworth, of Stirling, Ontario. The wedding will take place in the near future.

Mr. and Mrs. A. Roy Thomas, 3319 Camosun Street, announce the engagement of their youngest daughter, Elizabeth (Betty) Ina, to Lt.-Sid. James Alfred Douglas Halliwell, R.C.N., eldest son of Mr. and Mrs. J. H. Halliwell, Brandon, Manitoba. The wedding will take place in Metropolitan United Church on Wednesday, October 25, at 9 p.m.

Announcements to appear under this heading will be accepted at The Colonist Advertising Department. Minimum charge, $1.50 for 10 lines, and 15c for each additional line.

Weddings

DUNCAN—WOODWARD

Rev. W. J. Sipprell, D.D., at Fairfield United Church on Wednesday evening united in matrimony Brenda Mary, only daughter of Mr. and Mrs. E. Woodward, 1588 Fairfield Road, and F.O. John David Duncan, R.C.A.F., Perth, Ont.

The bride wore a gown of white satin, slightly en train, and her chapel veil was adorned with gardenias, which also formed her bouquet. Miss Rosemary Watson and Miss Brenda Kent wore bouffant frocks of white taffeta with peplum bodies of red velveteen and matching red hats. Their bouquets carried out the patriotic color scheme with red, white and blue flowers. F.O. Roel Dewar was groomsman; ushers were the bride's brother, Mr. Jack Woodward and P.O. Frank Myles. Mr. Gerald Green gave the toast at the large reception held at the home of the bride's parents.

For a honeymoon at Banff the bride donned a violet suit with black hat, with violet feather, black accessories and a fur coat with orchid pinned on the lapel.

HAGARTY—RUGG

Marjory Denise, younger daughter of Mr. and Mrs. J. Rugg, and W. E. Edwin Hagarty, R.C.N.R., recently returned from overseas, where he took part in the invasion, son of the late Mr. and Mrs. W. J. Hagarty, exchanged marriage vows before Rev. T. Holling, D.D., at Belmont United Church on Tuesday afternoon.

White satin with lace, and a Juliet cap trimmed with fresh gardenias, were worn by the bride who carried red roses and swainsona. Miss Sheila Hagarty, sister of the groom, was bridesmaid, wearing pink sheer and a pink velvet bandeau with white chrysanthemums in her hair. Lieut. Jack Anderson, R.C.N.V.R., was groomsman.

A reception was held at the home of the bride's brother-in-law and sister, Mr. and Mrs. W. Devlin, 1220 Pembroke Street. For a honeymoon Up-Island the bride chose a violet dress with matching hat, brown squirrel coat and muff adorned with a violet orchid. A string of pearls, the gift of the groom, complemented both her ensembles.

Y.P. Organizations

Members of St. John's A.Y.P.A. attended the Provincial Synod service at Christ Church Cathedral on Tuesday. Mr. Biddle will give a short talk at the next meeting and conduct the initiation of new members.

St. Mary's A.Y.P.A. heard an address from Dr. K. O. Wright on "Stars" on Tuesday night at a meeting held in the parish hall. Thirty were present, including members from St. Alban's.

Approximately 20 members of St. John's A.Y.P.A. attended the Provincial Synod Service at Christ Church Cathedral on Tuesday. Next week there will be a short business meeting and conference reports will be read. Initiation of new members will be conducted by Rev. George Biddle, who will give a short talk.

The Metropolitan Young People's Union meeting on Tuesday evening opened with a worship service, conducted by Miss Grace Adams and Miss Eileen Scott. Roy Bushe was elected vice-president. Vancouver Island Presbytery Y.P.U. Hallowe'en party will be held October 31 in the schoolroom of Metropolitan Church, announced Convener Miss Mary Neilson. Miss Grace Adams, fellowship convener, introduced the discussion forum, in which groups were led by Miss Jean Adams and Miss Ella Marr. Reports from each were submitted by Jim Dodson and Tom Woods. Harold Squire led the recreation. Next meeting will be held Tuesday evening at 8 o'clock at the church (Quadra and Pandora). Guest speaker will be Dr. A. E. Whitehouse.

P.-T. Associations

Led by Mrs. G. W. Pottinger, a comprehensive panel discussion featured the recent meeting of Margaret Jenkins P.-T.A. when finer points of Parent-Teacher work were discussed. Mrs. E. C. Peters presided. The bazaar and tea to be held November 10 were planned.

Oaklands P.-T.A. will hold a movie in the school auditorium Friday at 7.30 o'clock.

A Land of Women

WASHINGTON, Oct. 18 (AP).—The Census Bureau gave out today with some husband-hunting figures as disconcerting to the youthful bobby sox girl as a migraine headache to a hungry wood pecker.

There are only about 1,700,000 unmarried men between the ages of 20 and 34 years in civilian life in the United States today and—grab a firm brace on your hope chest—some 4,000,000 unmarried women in the same age group.

That is only 425-thousandths of a man apiece, if all the women have matrimony on their minds, and the population predicters have no reason to suspect that many of them don't.

For the first time in history, this erstwhile he-man republic has a feminine majority. Married and single, civilian and soldier, the bureau estimates there are 600,000 more women over 21 than there are men.

Popular Concert Held at Empress

The Victoria Musical Art Society last night presented its first concert of the season when Helen Fenton Hopper, violinist, and John Hopper, pianist, appeared before a large audience in the ballroom of the Empress Hotel. The Seattle artists, well known to Victoria music lovers, played singly as well as jointly, displaying virtuosity in a well-selected program.

An artist of depth, Mr. Hopper's interpretation of Tessier's "Nocturne" was particularly moving. He induced from his instrument a quiet, gently flowing mood almost softer than silence. De Falla's "Fire Dance" was a brilliant contrast. Based on an Andalusian folk tale, it tells the story of a gypsy girl whose dead lover haunts her, jealous of her successor. The fierce dance of the lover ends in wild abandon. Mr. Hopper gave an inspired portrayal of the fiery composition.

The graceful "Rondo Capriccioso" by Saint-Saens, and the lilting staccato "Danse Espagnole" by de Falla-Kreisler were vehicles fitting to Mrs. Hopper's virtuosity. Her rendition of Schubert-Heifetz' "Impromptu" was particularly liquid, and Debussy's "La Plus Que Lente" was rich in quality.

Highlight of the evening, "Sonata in A Major" by Franck, opulent in tone coloring and candor, blended piano and violin as one voice in glorious song. Restive, tragic, spiritual, both artists ran the gamut of instrumental emotion with ease and depth, and were encored by an enthusiastic audience.

Allege Fabulous Profit Promised

WINNIPEG, Oct. 18 (CP).—A former Winnipeg druggist, Clarence McConnell, who posed as an employee of the Canadian Wheat Board and promised "quick profits" in grain dealings, is on trial here on eight [illegible] cash and credit.

At the Fall Assizes before Mr. Justice A. McDysart, witnesses told the court they had entrusted money to McConnell and had been promised fabulous profits from grain speculation.

Two witnesses, Gibson K. Hannah, of Waskada, Man., and William Taylor, a Rosser district farmer, testified they had given McConnell money and had received notes and credit slips in return.

Mr. Hannah said McConnell had told him that he was a nephew of George McIvor, chairman of the Wheat Board. At a preliminary hearing last Summer Mr. McIvor said he had no relationship with McConnell.

Hannah said he gave McConnell $2,000 and later received two notes, one for $30,000 and the other for $78,945. Taylor testified he gave McConnell $400, and received a note for $750 plus a credit slip for $7,000. He said he had received $150 from McConnell, paid in installments.

"He told me he was on the inside of the grain trade. Making money would be as easy as picking it off the streets," Taylor said.

The trial is continuing.

Minor Hockey to Survive in City

Association Carries On Despite Loss Of Rink—Three Teams Enter Play-Offs

Lack of an ice surface, although a terrific obstacle to overcome, has not dimmed the determination of Victoria youngsters to play hockey in spite of everything, and the city will be represented in the provincial play-offs by three clubs—one each from the bantam, midget and juvenile groups.

Playing organized hockey for the first time in their lives last year when the Victoria Minor Hockey Association was formed, these youngsters were left without a playing surface when the Arena burned down and it seemed that the good groundwork that had been laid last season would get quite a setback. However, on the insistence of the players themselves, officials have decided to carry on as best they can under the circumstances. Over 50 youngsters have signified their willingness to foot their own expenses for practices and games and from these will be picked the three clubs that will enter the play-offs.

In the meantime, they are keeping in shape and attending blackboard sessions under the direction of Ivan Temple, head coach. Arrangements have been made for practices on Mainland ice surfaces and for exhibition games with other Pacific Coast clubs, and in this way it is hoped that they will be able to make a good showing when play-off time rolls around. In any event the organization will be held together for another year.

The brain-child of Eddie Kelpin, since returned to Winnipeg, the minor association was an outstanding success in its first year of operation and about 225 youths participated. Kelpin enlisted the active aid of Ivan Temple and Doug Fletcher and to these three men must go the credit for a worthwhile organization.

Well planned, with an eye to the future, the association approached business firms in the city for contributions for equipment for the league. The equipment was to remain in the hands of the league and from then on the association would be self supporting. The boys were charged membership fees ranging from $2 to $3, according to division, and this money was used to replace worn out equipment. Last year, with the boys on an honor system, not one piece of equipment was lost. Sportsmanship and teamwork was stressed at all times. Profanity and smoking resulted in a suspension and continued rule breaking resulted in loss of membership.

To provide a stream of replacements for the three various divisions, a carefully laid out farm system was planned. Four clubs: Maroons, Royals, Capitals and Senators, were entered in each section and, as they grew older, the players graduated to their own team in the next age group. No boy who wanted to play hockey was barred from playing even if he showed little ability. At the end of the season an all-star club would represent the city in the play-offs, with players chosen mainly for their team spirit.

Without the co-operation of the rink management, the league could not have carried on. Ice was made available whenever possible and although they had to play many of their games at an early hour Saturday morning, few missed. Some rode to town a distance of nine miles to be ready to play at 6:45 a.m.

This season Ivan Temple and Doug Fletcher, with the assistance of Mrs. T. F. Ward, association nurse, will carry on in an effort to keep the set-up intact for other years. They face a monumental chore. For every trip for practices or for a game, over 600 pieces of equipment will have to be checked out and in and arrangements for the transportation and welfare of 50 to 60 youngsters will have to be made. It is hoped that next year these boys will be able to do their playing in their own city.

Sport Snapshots

By SYD THOMAS
Canadian Press Staff Writer

TORONTO, Oct. 18 (CP).—There's much fuel for argument in a controversy over the use of youthful players in the N.H.L. that gets an airing in Herb Manning's column. The opposing debaters are Frankie Boucher and Wilf Field, one-time New York American now headed for Montreal Canadiens after two years in the army.

Field says good-looking young players are being ruined by the hothouse forcing they get when they are yanked prematurely into professional hockey to satisfy the crying demand for players. He says that Billy Taylors and Charlie Conachers are very scarce, and that most of our present-day infant professionals should be allowed to mature naturally until they are about 20 years old.

Otherwise, he contends, they will only be burnt out early, and if their health isn't ruined by trying to keep up with the older men, they will only be thrown into the ruck after the war when the old-line players return to the ice.

Boucher has an entirely different line on the thing, however. That's only to be expected, since after all it's his job to try to build a good team, and if older, experienced players aren't available, what the heck is he to use?

Frankie says he doesn't believe the young players will suffer any, but on the contrary will learn much more of the fine points of the game than they ever would playing against competition of their own age. Hockey players only exert themselves as much as is necessary to keep up with the opposition and their teammates, Boucher argues, and in the N.H.L. they will have the "highest possible target to shoot at."

They again, they will find out in a hurry, if they are good enough for that big-time game. Those that have the ability will stick, he feels, while the others who fail by the wayside will be those who just don't have the stuff.

The chance to get in the headlines with an N.H.L. team and taste some brief glory also should help to salve their wounded pride if they get the jolly heave-ho, is one way to look at it philosophically.

All of which still doesn't answer the very obstruse question that was put before the meeting.

COAST LOOP REORGANIZED

LOS ANGELES, Oct. 17 (AP).—A reorganization of the Pacific Coast Ice Hockey League, with ten clubs competing in three divisions, was announced today.

League officials who met here yesterday to draft the 1944-45 schedule announced the league set-up as follows.

Southern Division: Los Angeles, Hollywood, Pasadena and San Diego; Central Division: San Francisco and Oakland; Northern Division: Portland, Seattle and Vancouver, Wash.

The three divisions will play separate schedules except that the Central Division teams will play some games with Northern and Southern teams.

Leslie A. Henry will head the Southern Division, George Campbell the Central and Al Leader the Northern. First game will be played November 18.

Coast League Signs Players

Vanport Club Moves To Vancouver, Wash.

SEATTLE, Oct. 18 (AP).—Wallie Batchelor, goalie; Glenn Vickers, left wing, and Lea Whittles, defenceman, were signed today by the Vancouver, Wash., team of the Pacific Coast Hockey League, it was reported tonight. Vickers and Whittles are former Northwest professional players.

At the same time, Frank Dotten, player-manager of the Seattle Ironmen, phoned from New Westminster, B.C., that Ike Hildebrand, left wing signed by the Ironmen on Sunday, would remain in the East for the time being for a tryout with the Toronto Maple Leafs. Hildebrand went East on a lacrosse team tour.

PORTLAND, Ore., Oct. 18 (AP).—Two more ice hockey players, Jack Beauchamp, of Ottawa, and Bill Irwin, of Regina, reported here today for the Portland and Vancouver, Wash., entries in the new Pacific Coast Hockey League.

The roster of players is to be divided between the two clubs today, preliminary to the Sunday opening.

PORTLAND, Ore., Oct. 18 (AP).—This area's two clubs in the Pacific Coast Ice Hockey League will be entered from Portland and Vancouver, Wash., Manager Jimmy Ward said today.

Previously one club had been scheduled for Vanport City, a housing project centre located between Portland and Vancouver.

The two clubs, with Seattle, comprise the Northern Division of the hockey league.

Hardy Offers Little Comment on Rumors

EDMONTON, Oct. 18 (CP).—Dr. W. G. Hardy said today he "warmly appreciated the nice things Lester Patrick" had to say, but he declined to make any other comment regarding the position as president of the National Hockey League.

Patrick, general manager of the New York Rangers, said in Winnipeg Tuesday he was sponsoring the name of Dr. Hardy, Edmonton, as president of the N.H.L., saying he was "temperamentally suited and has an excellent record as an executive of the Canadian Amateur Hockey Association."

Army Units To Compete

NANAIMO, B.C., Oct. 18 (CP).—Army units of Northern Vancouver Island area will compete in a sports meet here Friday. The meet will serve as an elimination contest to select the top 20 athletes for the two teams to represent the Nanaimo area in the Pacific Command sports to be staged at Nanaimo October 28.

For the area meet Camp Nanaimo will have teams from three well-known units. Courtenay, Port Alberni and Tofino will offer strong opposition with one team each. Keen competition among the rival squads is expected as all contestants are in top-notch form after undergoing a strenuous summer of military training together with a period of extensive reconditioning for the coming contest.

Each team will consist of one officer and nine other ranks. Track events will be: 50-yard dash, 75-yard dash, 100-yard dash and 50-yard obstacle race. Field events call for the standing broad jump, running broad jump, hop-step-and-jump, shot-put and a grenade-throwing contest.

K.V.'S CALL WORKOUT

K.V.'s junior basketball club will start workouts this evening at the First United Church Gymnasium. Practice will start at 8 o'clock. All of last year's players and others who wish to play basketball in this division are asked to turn out. Age limit for this group is 16 and under.

Trying Out With Leafs

PETER BACKOR

Of St. Catharines, Ont., who was on the Leafs' list some years ago, is now in training camp with the team at Owen Sound, Ont. He expects a wartime defence berth with the Leafs this season.

JIMMY THOMPSON

Of Winnipeg, defence, who played with the juniors last year, although property of the Toronto Maple Leafs, is regarded as one of the promising recruits of the Leafs this season.

Endorse Plan to Raise Arena Fund

Likelihood of success for the plan of the Citizens' Arena Committee to raise $65,000 this Winter to help finance a civic arena for Greater Victoria increased last night, when both the Eagles Lodge and Victoria and District Trades and Labor Council endorsed a campaign for citizens to turn over money saved in a free electric light period to the arena fund.

The two groups have representatives on the arena committee. The Eagles have set aside a room as headquarters for a campaign to secure the donations from citizens.

George Wilkinson, secretary of the arena committee, told the Trades and Labor Council that the B.C. Electric Railway Co., Ltd., was ready to help in the plan, by which citizens would be asked to donate the amount saved in half of a two-month free electric light period.

He said the plan would spread part of the cost of the arena over each municipality in the area. If half of Greater Victoria light users donated, more than $65,000 would be raised. The City Council recently acted to put a money by-law before the voters in December to raise an additional $150,000.

Pittsburgh Wins From Cleveland

PITTSBURGH, Oct. 18 (AP).—Slamming home four goals in the final period, Pittsburgh Hornets overtook the Cleveland Barons tonight and won, 5-2. The Barons defeated Pittsburgh, 8-1, in the American Hockey League opener at Cleveland last night.

An opening night crowd of 3,500 saw the Barons off to an early lead when Tommy Burlington, the league's high scorer last season, scored. Bartholome added another in the second period after Hornet Coach Max Kaminsky yanked his defenceman and grouped five forwards near the goal just before the face-off.

Pittsburgh cut the Cleveland lead to one goal 27 seconds later when Hemmerling scored at the climax of a two-man sweep with Jamieson. Hemmerling counted again in 18 seconds of the third period to tie the score at 2-2. Then the Hornets scored two goals within half a minute, Roubell counting from the right corner of the crease on assists from Gracie and Hemmerling, and Robertson scoring on a screened shot from out near the blue line.

In a mix-up of players near the goal, Hemmerling made his final counter at 16:04, with Roubell assisting.

R.C.A.F. DEFEATS ARMY

WINNIPEG, Oct. 18 (CP).—No. 3 Wireless School (R.C.A.F.) of Winnipeg scored its fourth consecutive victory in the Manitoba Armed Services Rugby Football League here tonight, defeating Winnipeg Army, 13-6. It was the first loss for the soldiers.

Sgt. Dave Greenberg, with Winnipeg R.C.A.F. Bombers last season, and L.A.C. Walter Primak scored touchdowns for the winners. Sgt. Dave Berry booted two converts and Sgt. Charlie Harrison, former Calgary star, kicked to the deadline.

Pte. Doug Gauthier ran 64 yards for an army touchdown, which Lieut. Melvin (Pete) Hanson, team coach, converted.

GOLD POMP TAKES FEATURE

SAN MATEO, Cal., Oct. 18 (AP).—Gold Pomp nosed out Little Penalo in a photo finish today to win the $1,500 feature race at Bay Meadows. Pari Brazen, post time favorite, ran third. The time for the six furlongs was 1:12 1-5.

Gold Pomp, ridden by Frank Rodrigues, of Tijuana, and owned by the Burns Ranch, of Loma Mar, Cal., paid $16.10, $7.60 and $3.80. Little Penalo, which set the pace, paid $4.40 and $3.00, and Pari Brazen $2.60.

N.H.L. Training In Final Stages

Clubs Settle Down to Serious Work—Canadiens, Red Wings Take Exhibitions

WINNIPEG, Oct. 18 (CP).—Manager Lester Patrick announced today New York Rangers have signed three more players, bringing the total to eight, but declined to lift the cloak of secrecy surrounding their identity. Ott Heller, veteran winger, is the only player yet identified.

Rangers suffered their first casualty of the season when Al Palazzari, former Boston Olympic forward, was sent to the sidelines with a painful eye injury. Patrick said it would be several days before extent of the injury was known.

Coach Frank Boucher said he is "still experimenting" with lines and concentrating on defensive play.

HIBBING, Minn., Oct. 18 (CP).—Manager Paul Thompson of Chicago Black Hawks, said today he will rely on veterans for his defensive strength this season with the addition of Joe Bruffo, hefty Hibbing product, who will join the team.

Mike Karakas will be in goal with Joe Cooper, Earl Seibert, Bruffo, Virgil Johnson and Bill (Red) Mitchell holding defence posts.

Thompson said his forward lines show the loss of Doug Bentley and Cully Dahlstrom.

"The new boys are fast, good stick handlers and aggressive but lack experience," he said.

"Hawks are scheduled to leave here next Tuesday for the opening of the National Hockey League season at Chicago.

MONTREAL, Oct. 18 (CP).—It begins to look as though Montreal Canadiens have found an excellent substitute for Phil Watson, who patrolled the left boards with Ray Getliffe and Murph Chamberlain in last year's National Hockey League games. The cog who has kept the forward line apinning is Fernand Gauthier, one of the players loaned to New York Rangers in the deal which brought Watson to Montreal. Watson, property of Rangers, will not be permitted to play for Canadiens this year, and Lester Patrick indicated that he will not play at all as he will be one of the players barred under the new N.H.L. rule which bars men who are deferred from the army for other than physical reasons.

Gauthier has been making a fine display in the training sessions.

ST. HYACINTHE, Que., Oct. 18 (CP).—Montreal Canadiens tonight won their first exhibition game, 6-5, defeating a team from the naval training station here. The sailors had their ranks bolstered by a number of players from the Canucks' training camp. Toe Blake shot three of the goals for Montreal with Glen Harmon, Maurice Richard and Leo Lamoureux accounting for singles. Roland Rossignol netted twice for Navy with singles coming off the sticks of Dutch Hiller, Buich Stahan and Ryan.

DETROIT, Oct. 18 (AP).—Detroit Red Wings, of the National Hockey League, slammed out a 6-3 exhibition triumph over the American League's Indianapolis Capitols tonight before a crowd of 2,099. Joe Carveth paced the Wings with two goals and an assist; Tony Bukovich, of Indianapolis, with a goal and an assist.

DETROIT, Oct. 18 (CP).—Signing of Ted Lindsay, star with Toronto St. Michael's College team last season, to a professional contract with Detroit Red Wings of the National Hockey League, was announced today. The terms were not disclosed.

Also added to the fold today was Larry Thibeault, veteran minor leaguer obtained from Eddie Shore's champion Buffalo Bisons of the American Hockey League. He will play right wing for Detroit.

GRID PROCEEDS TO CHARITY

WINNIPEG, Oct. 17 (CP).—Lorne (Baldy) Northcott and Frank Hannibal, co-promoters of the East-West High School football series played here Saturday and Monday said tonight the series had drawn a profit of approximately $500.

They said $400 would be given to the Canadian Red Cross Society and the remainder to Winnipeg charitable institutions.

The series was played between St. Michael's College of Toronto, and St. John's and St. Paul's Colleges of Winnipeg. St. Michael's won both games played.

Ward Says Players All Have Releases

Ward, manager of a Portland entrant in the new Pacific Coast Hockey League, said today the six 'teenage Canadian hockey players he has hired all have their releases from their 1943 club and that he was applying today to the secretary of the Amateur Hockey Association of the United States for their transfers to his club.

Ward said the Coast circuit was affiliated with the A.H.A. of U.S. and regulations of that body applied to the Coast League.

The six players, he said, were members of last year's Kenora, Ont., club, which has no junior hockey this year. Kenora has only a juvenile hockey team this season, and the six are too old for that, Ward explained. He said Cliff Houston, Kenora coach, gave the half dozen their releases.

ZIVIC K.O.'s SAIA

DALLAS, Oct. 18 (AP).—Fritzie Zivic, former world welterweight champion, knocked out Pat Saia, of Philadelphia, in the eighth round of a scheduled ten-round fight before 3,500 fans tonight. Zivic weighed 151; Saia 149.

Zivic, now in the Army Air Force at San Antonio, had Saia down in the third and fourth rounds, again in the seventh and had floored him for a seven-count before delivering the knockout punch.

Joey's Plates Bring $40,000 in Bonds

CALGARY, Oct. 17 (CP).—Joey, gallant little Western thoroughbred, ran his best race last night.

Turf followers didn't forget Joey's matchless courage when the last set of racing plates worn by the Western campaigner, who died in Calgary three years ago, raised $40,000 of the $56,000 War Bond pledges for Canada's Seventh Victory Loan, which starts Monday.

Auction of the footgear worn by Joey, Whirlaway, leading money winner of the turf, and Seabiscuit, was conducted at last night's No. 4 Training Command, R.C.A.F. service bouts at No. 2 Wireless School Drill Hall. Bids for the horseshoes were made in Victory Bond pledges.

Silver-plated, mounted on pieces of airplane propeller wood, and suitably engraved, Joey's last set of racing plates brought more than his nine years of campaigning on the race track—$37,010.

Merasty—(Red) Dutton, head of the National Hockey League, bid $15,000 for one of the good luck charms. A. Belzberg bid $10,000 in bonds for another, a third man, who wished to remain unknown, undertook to purchase $10,000 in Victory Bonds for the third horseshoe. Auctioneer Albert Hurov took the fourth for $5,000. Seabiscuit's racing plates went for $10,000 and Whirlaway's raised $6,000.

CANUCKS STRENGTHEN

MOOSE JAW, Sask., Oct. 18 (CP).—Moose Jaw Canucks, with their eyes on the Dominion junior hockey championship, have signed another of the famous Delisle, Sark., Bentleys for their Southern Saskatchewan League sextette.

Latest recruit is Jackie Bentley, 16-year-old son of Jack Bentley, eldest of the Delisle brothers.

Earlier Roy Bentley, former playing coach of Drumheller Miners in the Alberta senior loop, and last year coach of Trail Smoke Eaters, Western junior finalists, and his son, Bev, a goalkeeper, were signed. Jack Bentley is a winger.

CAGERS TO MEET MONDAY

A general meeting of all players and team managers of the Victoria and District Basketball Association will be held Monday, October 23, at the Pemberton Building. Players' passes will be issued, and information on the new cups up for competition will be given. It is urgent that all make a special effort to attend.

OLD STAR PASSES AWAY

CHICAGO, Oct. 18 (AP).—Jack Powell, 74, who started his baseball career with Cleveland in 1897 and was one of the American League's leading pitchers of 40 years ago, died here yesterday.

Powell served 17 years in both the old National and the American Leagues. He won 248 games and lost 258. In 1902 he won 22 games for St. Louis Browns and in 1904 he triumphed in 23 games for New York Yankees.

FEW people, except those who actually make a hobby of it, of ——which class we have seen some specimens, like jury duty. They consider it a waste of time and are more than willing that somebody else should discharge a function upon which, as a matter of fact, so great a part of the fabric of our civilization depends. Judges are used to all sorts of excuses by prospective jurors, and some of them have been most difficult, to satisfy. But there was a case in which an English judge, whose distinction to excuse jurors was notorious made a slip which, when he learned of it, annoyed him greatly. A man had asked to be excused on the ground that it was a matter of great importance to him to attend a funeral on the following day. So the judge gave him permission to withdraw. Later, he learned that, while the excuse was reasonable enough, the man who made it happened to be an undertaker.

Finance–Commerce–Markets

New York Stocks

NEW YORK, Oct. 18 (AP).—The stock market today edged a little nearer the seven-year peak levels rise of fractions to a point or more in the leaders.

News of the day carried little weight in the upturn, according to brokers, who reiterated their belief that recent firmness of the list was based largely on election hopes, the upward trend of commodity prices, and the existence of a huge store of funds seeking investment outlet. Pointing up the last-named factor was the day's successful marketing of close to $350,000,000 in new bond issues.

Volume totaled 908,215 shares compared with 670,790 yesterday. It was the largest turnover, with one exception, since September 7. Of 384 issues traded, 536 advanced, 138 declined and 210 were unchanged.

The Associated Press 60-stock composite showed a final gain of .2 of a point at 55.7. The July high stands at 56.4.

Borden's "Canadian Cavalcade"

Broadcast Tonight on CJVI at 6:30

Borden's "Canadian Cavalcade," with LORNE GREENE, narrator; CY MACK, interviewer; HOWARD CABLE and his orchestra, with several guest stars, will be heard over CJVI and the entire Dominion Network on Thursday evening, October 19, at 6:30 p.m. "Cavalcade" guests for this week include:

FRANK TUNNEY

Wrestlers in the ring have their troubles on the mat but their woes are negligible compared to those of the man who arranges the bouts. Mr Tunney, sports promoter, tells about the joys of sports promotion.

TRUMP DAVIDSON

Trumpeter and singer, whose orchestra toured England with Ray Noble, has organized a new band in the latest musical trend. He will play the trumpet and sing.

JAN CHAMBERLAIN

Monodraindtist, whose character sketches have delighted Canadian audiences for years, discourses amusingly on personalities and effective speech.

FRANCES JAMES

Celebrated soprano who gave a concert for Their Majesties at Banff Springs during their Canadian tour. Her training and performances to date have been exclusively Canadian.

MAJOR RICHARD DIESPECKER

On the eve of Canada's 7th War Loan Drive, "Cavalcade" presents the beautiful "Prayer for Victory," read by its author, Major Diespecker.

Toronto Stocks

TORONTO, Oct. 18 (CP).—Volume was a bit smaller in a steady market today on the Toronto Exchange. The industrials accumulated a margin of gains by mid-day and merely hung on in the afternoon while the gold issues remained on the down side and the base metal and western oil stocks showed little net change in the average. Turnover was around 450,000 shares for the day.

Prices were moderately strong for the liquor, food, paper and steel stocks and the senior oil and miscellaneous industrials were down.

Western Grocers pfd. recorded a gain of 4 points to 145. The new Canada Packers "A" stock traded at 33. It was listed, along with the "B" stock, today.

Senior golds were a bit heavy on light trading and losses of a few cents appeared for Lamaque, Preston, Teck-Hughes, Chesterville, West Malartic and Springer-Sturgeon.

Home Oil and Pacific Refineries were stronger and British-Dominion, Mid-Continent and East Crest weaker.

Europe: Great Britain official buying $4.02, selling $4.04.

Latin America: Argentina free 24.93 unchanged; Brazil free 5.25n; Mexico 20.65n.

Chicago Grain

CHICAGO, Oct. 18 (AP).—Most grain futures markets were strong today with rye holding gains of a cent or more and mill buying disclosing a shortage of offerings in the wheat pit. Corn was about steady, oats were fractionally higher and at times barley was up nearly two cents.

Bullish enthusiasm stemming from the statistical position of rye compared with other grains was apparent from the opening when the nearby contract was 1¾ cents higher. Commission house demand was brisk at the start and ran the market into stop-loss orders. Profit-taking did not develop until the May contract reached $1.09.

A prominent broker bought December wheat during the late trade and prices rallied to near the early high.

At the close wheat was ¼ to ⅝ higher than yesterday's finish. December $1.64⅞. Corn was unchanged to ⅛ higher, December $1.14⅛. Oats were ¼ to ⅝ higher, December 65¾

Rye was up 1 to 1⅝, December $1.12⅛ to $1.12⅝. Barley was 1⅜ to 1⅝ higher, December $1.06.

PLANETARY GUIDE FOR THURSDAY, OCTOBER 19, 1944

Keywords for the Day: Sociability, harmony, cordiality.

Thursday in General: This is a time in which to put your best foot forward, to seek harmony and agreement in the period prior to 5:12 p.m. which favors conciliatory measures, attention to matters concerning finances and possessions, buying of amusement or adornment. Evening is favorable for social interests.

If October 19 Is Your Birthdate—"Many happy returns." Famous persons born on this date include: Fannie Hurst, author; Wm. J. Burns, detective; Thomas Hunter, founder of Hunter College.

Your Year Ahead—Promote matters concerning sociability, affairs of the heart, finances and possessions. Add to attractiveness through judicious selection of wardrobe.

This original type of astrological feature applies to you on Thursday. Look for your birthsign and date below.

March 21 to April 19, Aries—Thursday favors rehabilitation of possessions and assets, gain through the resources of others, attention to secret and private interests, especially prior to 5:12 p.m.

April 20 to May 20, Taurus—Be sociable, co-operative, seek to arbitrate and conciliate to advantage. Get out and meet people especially prior to 5:12 p.m.

May 21 to June 20, Gemini—Cultivate sympathy and understanding with co-workers and dependents. This is a good time to buy articles of adornment. Help partners and others to solve problems if you can.

June 21 to July 22, Cancer—Make the most of what freedom of movement or choice you have prior to 5:12 p.m. Focus attention on important plans and favorite projects. Enjoy some pleasure or romance, pleasant feelings.

July 23 to August 22, Leo—Your home, family or base of operations should be the scene of some pleasant event, so focus attention there. Endeavor to improve your base of operations or complete tasks.

August 23 to September 22, Virgo—Be attentive to the moves and attitudes of those with whom you come into contact. Establish some basic bond with people through courtesy and charm.

September 23 to October 22, Libra—Thursday is a good time to plan ways and means of increasing income or possessions, to buy or to effect improvements in belongings. Acquire things.

October 23 to November 21, Scorpio—Bring your personality into play. Seek to improve your environment, your personality and your ability to attract others. Go after things in person competently.

November 22 to December 21, Sagittarius—Thursday favors the solution of problems, especially through conciliation or arbitration, complete tasks, settle outstanding matters, gain or give assistance.

December 22 to January 19, Capricorn—Friends, acquaintances, social or pleasurable contacts can be helpful, especially if you have important decisions to make or if you need contacts or favors to forward aspirations.

January 20 to February 18, Aquarius—Achieve improvement of prestige, dealings with higher-ups through charm, sociability, harmony and pleasantness. A dinner or luncheon engagement can be helpful.

February 19 to March 20, Pisces—Thursday favors plans and decisions or appointments having to do with sociability, pleasure, affairs of the heart, distant or travel interests.

Montreal Stocks

MONTREAL, Oct. 18 (CP).—Papers held the centre of the stage in transfers up to the final hour today on the Stock Exchange and generally moved into higher ground.

At new tops were St. Lawrence Paper preferred, up 3; Lake St. John, 2½ higher; St. Lawrence Corporation "A" and Howard Smith. In industrials better marks were established by National Steel Car, Canada Cement, Canadian Car common and new preferred, Electrolux, Dominion Oilcloth and Dominion Coal preferred. Dosco "B," Sugar and Dominion Tar were down.

Brazilian was stronger in utilities and Canadian Nationals off in banks. In metals, International Nickel and Hudson Bay Mining pushed up. Acme and Wilsils tacked on fractional improvements in miscellaneous and Imperial Tobacco was shaded.

Winnipeg Grain

WINNIPEG, Oct. 18 (CP).—Export business reported today on the Winnipeg Grain Exchange was confined to 500,000 bushels of coarse grains with United States interests the sole purchasers. The business included 300,000 bushels malting grades barley, 100,000 bushels 1 and 3 C.W. oats and 100,000 bushels Canadian rye in storage at United States points.

Rye futures prices continued to advance following further gains at Chicago and aided by generally light offerings here. Prices closed 1¾ to 1⅞ higher with October 1.05⅝, December 1.05, May 1.04⅝ to 1.04¾.

Outside interest on the market was only moderate and some profit taking was indicated.

Memorials, Graves Well Cared For

LONDON, Oct. 18 (CP).—The Imperial War Graves Commission announced at a meeting today that reports received indicate that cemeteries and memorials of the First Great War in France and Belgium generally are in good order and have been "reverently" cared for by French and Belgian authorities during the enemy occupation.

Rt. Hon. Vincent Massey, Canadian High Commissioner, paid tribute to the Duke of Gloucester, president of the commission, who presided, for the last time, since he is expected shortly to assume his new duties as Governor-General of Australia.

The meeting was told that an advance party of the commission's officers had proceeded to France and Belgium with a view to resumption of the commission's work at the earliest possible moment.

Accident Victims

Condition of W.O. Douglas Moran, 28, veteran airman of 47 operational flights, injured in an accident late Tuesday night when the vehicle in which he and four others were riding crashed into a telephone pole at Four-Mile House, was reported unchanged last night, according to Royal Jubilee Hospital attendants. He is suffering from a broken leg and severe head lacerations.

Other occupants injured, Mr. and Mrs. Fred Sargent, 67 Wellington Avenue, taken to St. Joseph's Hospital, were still in a serious condition last night, Dr. T. McPherson, attending physician, stated.

Mrs. Eileen Moran, wife of W.O. Moran, was released from hospital Tuesday night following treatment for injuries, and Cpl. John Sargent, 23, son of Mr. and Mrs. Sargent, who was driving the car, was treated for shock and bruises.

SPEAKS BEFORE CLUB

Col. H. Mestmorland was speaker last night at a meeting of the Outdoor Club, held at the home of Capt. and Mrs. J. Abel, Oliver Street. Introduced by Miss E. Thorneycroft, he gave a talk on the "Art of Mountaineering." Slides were shown of well-known climbs in the Lake District and the Dolomites.

Bridge players learn certain rules too well and pay too little attention to the exceptions. Take the matter of leading partner's suit, for example. In the vast majority of cases that lead works out satisfactorily, but in many important situations a higher logic must be brought to bear. Consider this deal:

North, dealer.
Both sides vulnerable.
North-South 60 on score.

The bidding:

North	East	South	West

Pass	4 ♣	Pass	Pass
4 ♦	5 ♣	5 ♦	Pass
Pass	Double (final bid)		

West opened his top club, and after East had won with the king he had a baffling problem to solve. If South had another club East would have to cash the ace immediately, because a heart shift might find South with ace-queen-jack—he would finesse against the king and discard a club from dummy. If South was now out of clubs the heart shift was mandatory; East would have to find West with the heart queen and establish a heart trick before losing control of spades. There was nothing to go by, and East guessed wrong. He led the club ace, and that finished the defence.

I freely admit there was no way of West's foreseeing his partner's grave dilemma, but the fact remains that a more intelligent opening lead would have defeated the contract automatically. East had bid clubs four times, and West had three of the suit. Thus it was utterly inconvelvable that a club lead would be necessary; one opponent must have a singleton, and no card except the ace would have defensive value. With only one lead coming to him, West should have selected the heart queen, to reveal then and there where his little strength lay.

Bond Purchases Large In British Columbia

By the time the Seventh Victory Loan campaign is completed on November 11, the public of British Columbia will have invested well over $300,000,000 in Victory Bonds. This will equal or exceed the objective for the whole of Canada in the Second War Loan, the bond issue immediately preceding the First Victory
ada was asked, to subscribe in each of the First and Second Victory Loans.

These comparisons were made yesterday at Victory Loan headquarters.

The anticipated grand total of over $300,000,000 does not include large purchases by business firms and persons of large means, but represents the Victory Loan purchases of the average families of the province.

Loan officials pointed out: "This stored-up buying power will be an important factor in getting British Columbia industry away to a flying start when Germany and Japan are defeated for it will mean lively demand for consumer goods. It will also mean a great deal in opening up employment during the rehabilitation period."

It is anticipated much of the Victory Loan savings of British Columbia people will be used to build or buy new homes, improve homes, buy cars, replace farm equipment, establish new small businesses and take long-awaited travel holidays.

Most Centres for Rationing Closed

Most ration book distributing centres in Greater Victoria closed yesterday, reporting distribution had been efficient and speedy. The City Hall, the Municipal Hall at Oak Bay and three schools will remain open today to give late-comers a last chance to obtain Ration Book No. 5.

Mrs. H. L. Smith, who headed the women volunteer workers, said about the same number of books as last year had been given out but no figures would be available until main centres closed tonight.

"Parent-Teacher groups gave admirable co-operation, in fact the officers of the various groups organized the centres in schools with very little help," Mrs. Smith stated.

Sir James Douglas, Oaklands and South Park School centres will be open again today. Two Chinese centres will also be opened for brief periods.

How It Started

By JEAN NEWTON

"HOCUS POCUS"

As far back as we probe into the history of man, we find some charlatanism, a fact that is recorded in that popular item of our common speech—"hocus pocus." The expression is used today for many kinds of fakery, even political word-juggling. But essentially the reference was to conjurors' tricks or some kind of occult prowess—hocus pocus.

The words, it has been asserted, are after one Ochus Bochus, said by some to have been a celebrated Italian wizard of the 17th century, and by others a Norse magician of olden days who pronounced the name immediately before performing in public.

However, the more orthodox theory is that the expression "hocus ocus" was born of the old religious antagonisms in Europe as a jeering corruption of the Latin "Hoc est corpus," Here is the body, chanted by Catholic priests during

Men of Canadian Aircraft Carrier Nabor Home on Leave

VANCOUVER, Oct. 17 (CP).—Fifty men of H.M.S. Nabob, one of two Canadian-manned aircraft carriers refitted at Vancouver this Spring and the first Canadian-manned aircraft carrier to [illegible] in this war, arrived in Vancouver today, silent about their fighting days on the tough, North Sea run. Eighty-two British Columbia men are on leave from the warship, most of them on 28-day leave.

The Nabob first came into the spotlight when she ran ashore in the mud off Roberts Bank, off the Fraser River, this Spring, while leaving Vancouver for war services.

She is commanded by Capt. Horatio N. Lay, nephew of Prime Minister King.

Last August she participated with the Canadian destroyers Sioux and Algonquin and units of the British Home Fleet in successful operations against Norway. Three armed vessels were attacked, two bursting into flames.

Cost to the striking force was two aircraft missing, neither from the Nabob.

While manned by Canadians, the Nabob is a Royal Navy ship, built in the United States under lend-lease for Britain.

"Just give us a word or two," requested newsmen.

"No."

"One little adventure at sea."

"We [illegible] talking. Strict orders. Besides, I'm in a hurry to get home."

All that could be pried from the Nabob men was that the Nabob had been in action, had suffered some casualties and now is back in port in Britain.

The story of how four German minesweepers were sent to the bottom by four Canadian destroyers was described by C.P.O. E. Ward, of H.M.C.S. Restigouche, whose wife lives in Victoria.

The four destroyers—Qu'Appelle, Restigouche, Saskatchewan and Skeena—moved within 100 yards of the gates guarding the inner harbor of Brest, early the morning of July 7.

Restigouche, ploughing through a hail of fire, was punctured by two shells.

The four destroyers, in a blazing fight, sent four German minesweepers to the bottom.

A.B. Robert Redgrave of Victoria was among those arriving.

Noted Actor to Aid Victory Loan

PICTURED with his daughter, Pauline, a corporal in the R.C.A.F. (W.D.), stationed at Patricia Bay, is Nigel Bruce, a visitor to Victoria. In a radio broadcast to be heard Tuesday over CJVI during the Seventh Victory Loan campaign, Mr. Bruce will urge Greater Victoria residents "to invest in victory to your utmost, so that in the shortest possible time the foul forces of brutality and beastliness, both in Germany and Japan, will be quickly defeated and we will again have with us our husbands, fathers, sons and sweethearts."

SETS NEW RECORD

VANCOUVER, Wash., Oct. 18 (AP).—Kaiser's Vancouver, Wash., shipyard will have launched in one week three AP-T transports next Saturday—a new weekly record.

The U.S.S. Meriwether went down the days today, the U.S.S. Menifee last Sunday and the U.S.S. Rawlins will be launched Saturday.

Labor to Act if Families Evicted

Told by Charles Chivers, president, that several Victoria citizens had reported that they faced eviction, Victoria and District Trades and Labor Council last night named a committee to interview Sheriff Duncan MacBride on the matter.

Delegates expressed strong opposition to the principle of eviction and urged that concerted action be taken if evictions were carried out.

The Labor Council received a resolution from Victoria District Council of the Civil Servants' Federation urging that the cost-of-living bonus of Federal civil servants be incorporated in their basic wage scale, as had been done with industrial workers. The resolution will be placed before the coming convention of the Trades and Labor Congress of Canada.

Delegates from Victoria to the convention will take hundreds of folders and other publicity material in a move to have the next convention held here.

The Labor Council endorsed a Vancouver Labor Council resolution urging the setting up of regional committees under a Department of Reconstruction, the committees to have representatives of organized labor. The council also endorsed the principle of a broad social security plan as advocated on Tuesday by R. W. Mayhew, M.P.

Endorsement was given Victoria Branch of the Fire Fighters' Association in its demand that civilians serving overseas in the Canadian Corps of Fire Fighters be guaranteed servicemen's gratuities.

It was announced that a convention of the Joint Council of Public Employees, a provincial body, would be held here on October 27, 28 and 29.

In a discussion on labor [illegible] Works, J. C. [illegible] ability, George Pyper, of the Plumbers' Union, stated that many homes under construction in Victoria were held up for lack of plumbers and other workers.

Ottawa officials informed the council that liability could not be accepted for the death of two Esquimalt boys through a military truck accident some months ago. Dissatisfaction was expressed.

New delegates welcomed were Frank Hyslop, James Island Explosives; Simms, H. Gibson and C. Palingrew, Plumbers' Union, and Dr. J. M. Thomas, Saanich Teachers' Association.

CAPTAIN APPOINTED

VANCOUVER, Oct. 18 (CP).—Captain J. S. Clarke, formerly chief officer of the Empress of Canada, has been appointed assistant marine superintendent for Park Steamships, Ltd., with permanent station at Vancouver serving British Columbia ports.

Synod Comments About Japanese

Feeling certain that Japanese will be forbidden to settle in large numbers in British Columbia after the war, and that they will be scattered over the Dominion as at present, members attending the tenth session of the Anglican Provincial Synod of British Columbia at a meeting in Memorial Hall last night, decided that missionary work for the Japanese be placed in the hands of the Missionary Society of the Canadian Church, Toronto.

In the past this work has been carried out by the Provincial Board of Oriental Missions, Vancouver, in connection with the Provincial Synod. The Japanese discussion was led by Rt. Rev. Sir Frances Heathcote, Lord Bishop of New Westminster.

Members passed a motion commending the policy of the Federal Government in dealing with the Japanese question, and the method by which the Security Commission had carried it out.

In the motion it was urged that Japanese be welcomed by parishes in those parts of Canada in which they might settle and that those of proven loyalty to Canada should not be made to suffer enforced sale of their goods, pending the decision of the courts, nor eventually be debarred from holding real or personal property.

Norman Williams, Victoria, president of the Anglican Young People's Association Provincial Council, presented an outline of activities throughout the province. The importance of young people in the church was stressed.

PROLOCUTOR OF SYNOD NAMED AT MEETING

During an election held yesterday morning, Very Rev. S. H. Elliott was named Prolocutor of the Synod, and Rev. Canon H. P. Barrett, Chilliwack, was elected secretary.

A campaign to raise $4,500,000 during the latter part of 1945 was announced. The sum, to be raised by Anglicans throughout Canada, will be used for stabilization of the church pension scheme, and social, educational and missionary work.

A considerable amount will be expended for the reconstruction of bombed churches of England. Bishop Harold E. Sexton said $500,000 was needed to complete work on Christ Church Cathedral here, and that the work would be done as soon as possible.

Considerable discussion was held concerning the marriage laws of the province, and the synod will seek legislation.

Problems of peace, the increasing rate of divorces in Canada, and other matters were also discussed. Today further sessions will be held, and the parley will conclude this evening.

Send 1,600 Cases Clothing Overseas

British Bundles, of Victoria, has shipped more than 1,600 cases of clothing to England, it was learned yesterday from A. H. Pease, manager. Made up of men's, women's and children's clothing and babies' layettes, bundles sent totaled 84 tons.

Robot bombings created a greater need in England than for many months, Mr. Pease said. In a circular letter to the volunteer workers of the Salvage Corps, which supplies funds for British Bundles, Mr. Pease gave them high praise for their steady good work.

A few truck drivers answered the appeal of the Salvage Corps for badly-needed help, but more would be welcome, Mr. Pease stated.

"The workers at the barn are doing splendidly and with the few extra truck drivers and an improved pick-up system, salvage work is better than it has been for some time," he added.

Garments received at the British Bundles depot are sorted, sent to the cleaners and repaired before being shipped overseas.

Vancouver Forecast

Light winds. Dense fog in morning and again after dark. Not much change in temperature.

WILL CHRISTEN SHIPS

VANCOUVER, Oct. 18 (CP).—Two women with relatives in the armed services will christen the ships to be launched at Vancouver shipyards in public ceremonies, Saturday, in connection with opening of the Seventh Victory Loan. Miss Hannah Tilson, of Vancouver, a sister of Sqdn. Ldr. Hank Tilson, D.S.O., D.F.C., will christen a 10,000-ton cargo ship. Mrs. Isabel Campbell, of Drumheller, Alta., mother of P.O. Stanley Campbell, D.F.C., will launch a 10,000-ton naval maintenance ship.

Photo Salon to Open At Empress on Sunday

Outstanding prints made by eight Victoria photographers have been chosen by the judges and will be exhibited at the fourth Victoria International Salon of Photography, which will open Sunday in the lower lounge of the Empress Hotel. In all, 171 of the best prints submitted by nationally-known contributors, will be on view.

The local exhibitors successful were: Ken McAllister, W. H. Squires, J. C. Hawks, Dr. J. Cull, A. Woods, Miss L. Casson, S. W. Metcalfe and H. G. Cox. Besides competing prints, seven made by the judges will be hung by invitation. The salon will be open all week and members of the Victoria Photographic Association will be on hand to answer questions. Catalogues will also be available.

Prints submitted this year excel the average received in previous years, Rudolph Tietjens, president of the Seattle Potographic Society, and one of the judges, stated. J. Helders, Vancouver, and R. L. Colby, Victoria, also acted as judges.

Victoria Man May Be Deputy Minister

OTTAWA, Oct. 18 (CP).—The Evening Journal said today in a news-page story that announcement will be made shortly of the appointment of Dr. George F. Davidson, of Ottawa, formerly of Victoria and now executive director of the Canadian Welfare Council, as deputy minister of the new Department of Health and Social Welfare.

Approached for comment on the report, Hon. Brooke Claxton, newly-appointed minister of the department, would say only that the name of the deputy minister will be announced in a few days.

A young man, Dr. Davidson came to Ottawa from Victoria, where he had been director of social welfare for British Columbia. He has been engaged in welfare work since his graduation from university.

He outlined his views on Canada's welfare problems last June before the special parliamentary committee on social security.

COURT-MARTIALED

LONDON, Oct. 18 (CP).—The War Office disclosed today that Capt. William Douglas-Home, 32, of the Royal Armored Corps, had been court-martialed in Belgium for refusing to obey a lawful command. The court's findings will be announced later. Son of the Earl of Home, he was educated at Eton and Oxford.

Thanks for gifts of garments to bombed out children in England were received by B.C. Provincial Government Employees' Association during a recent meeting. P. Simons, Forest Branch, showed motion pictures of forest scenery.

We're not hep on the jive talk but take a look at these "Teentimers"! Definitely in-the-groove, aren't they? Yes, they're the clothes Victoria's junior girls go for . . . jivin' 'round the juke box . . . havin' fun at that Hallowe'en party . . . getting down to hard study in classes. And it's no wonder they've been O.K.'d by these fun-loving, fashion-wise juniors, for they're perfect . . . they're pretty . . . they've been dreamed up just for YOU!
